**Purpose:** The purpose of this guide is to explain what a targeted review is and provide step-by-step instructions on how to complete the request form and what to do after submitting your request.

## How to Use This Guide

**Please Note:** This guide was prepared for informational purposes only and is not intended to grant rights or impose obligations. The information provided is only intended to be a general summary. It is not intended to take the place of the written law, including the regulations. We encourage readers to review the specific statutes, regulations, and other interpretive materials for a full and accurate statement of their contents.

## Table of Contents

The table of contents is interactive. Click on a chapter in the table of contents to read that section.

You can also click on the icon on the bottom left to go back to the table of contents.

## Hyperlinks

Hyperlinks to the [QPP website](#) are included throughout the guide to direct the reader to more information and resources.

## Introduction

## What is a Targeted Review?

A targeted review is a process in which Quality Payment Program (QPP) participants can request for the Centers for Medicare & Medicaid Services (CMS) to review the calculation of their 2021 MIPS payment adjustment factor and, if applicable, their additional MIPS payment adjustment factor for exceptional performance.

Once 2021 MIPS payment adjustment factor(s) are released, you will have **60 days** to request a targeted review for the 2019 performance year.

**NEW:** Beginning with the 2019 performance year, we have created **a new targeted review application** accessible through [qpp.cms.gov](https://qpp.cms.gov). You need a **Healthcare Quality Information System (HCQIS) Access Roles and Profile (HARP) account** to sign in and access the targeted review application.

Visit the [Quality Payment Program Access Guide](#) for instructions on how to create a HARP account. For additional information on HARP, check out the [HARP FAQs](#).

## Who Can Request a Targeted Review?

You can request a targeted review if you are a MIPS eligible clinician, group, virtual group, or Alternative Payment Model (APM) participant (individual clinician, group, APM Entity).

Third-party intermediaries and designated support staff can submit a targeted review on behalf of program participants.

## What Can I Request a Targeted Review For?

As described in section 1848(q)(13)(A) of the Social Security Act, the targeted review process is limited to the calculation of the MIPS payment adjustment factor(s). You may request a targeted review if you find an error with your **2021 MIPS payment adjustment factor(s)** and associated **2019 MIPS performance feedback**.

While this is not a comprehensive list, the following are examples of circumstances in which you may wish to request a targeted review:

- Your performance data was submitted under the incorrect Taxpayer Identification Number (TIN) or National Provider Identifier (NPI).
- You qualified for performance category reweighting, due to a special status designation, Promoting Interoperability hardship exception, or extreme and uncontrollable circumstances exception, that was incorrectly applied.

## What Can't I Request a Targeted Review For?

There are statutory limitations on administrative and judicial review as described in section 1848(q)(13)(B) of the Social Security Act; as such, there will be no targeted review of the following:

- The methodology used to determine the amount of the MIPS payment adjustment factor, the amount of the additional MIPS payment adjustment factor, and the determination of such amounts.
- The establishment of the performance standards and the performance period.
- The identification of measures and activities specified for a MIPS performance category and information made public or posted on Physician Compare (or successor website).
- The developed methodology used to calculate performance scores and the calculation of such scores, including the weighting of measures and activities under such methodology.

*Any targeted review request for these reasons will be **denied**.*

**Experience an issue with your data?** Issues related to inaccurate, unusable, or otherwise compromised data do not fall under the scope of a targeted review and will be denied. If you are requesting performance category reweighting due to inaccurate, unusable, or otherwise compromised performance data, contact the [QPP Service Center](#).

## How Can I Prepare For The Targeted Review Process?

If you identify an error with your MIPS final performance feedback and MIPS payment adjustment factor(s), request a targeted review **as soon as possible**. This helps ensure we apply payment adjustments correctly from the start of the 2021 payment year.

To prepare for the targeted review process, you should:

### Identify who will request the targeted review

The targeted review request will be accessible by the individual who submits the request ("submitter") and those who the submitter adds as additional staff members.

### Obtain or access your HARP account

You must have a HARP account to complete and submit a targeted review request.

- **New Users:** [Register for QPP](#) to obtain your HARP credentials.
- **Returning Users:** Confirm that you can [sign in to QPP](#) with your HARP credentials.

### Gather identifying information and supporting documentation

- Collect the clinician, group, virtual group, or APM participants identifying information.
  - **Clinician** – NPI and associated practice's legal practicing name
  - **Group** – The practice's TIN and legal practicing name
  - **Individual clinician, group, APM Entity participating in an APM** – APM Entity ID
  - **Approved virtual group** – Virtual Group ID
- Collect any documentation that supports your targeted review request. **If possible, attach supporting documentation with your initial request.** Supporting documentation may include, but is not limited to:
  - Extracts from the MIPS eligible clinician's Electronic Health Records
  - Copies of performance data provided to a third-party intermediary by the clinician or group
  - Copies of performance data submitted to CMS
  - QPP Service Center case numbers
  - Signed contracts or agreements between a clinician/group and a third-party intermediary
  - Proof of your APM participation
  - Partial Qualifying APM Participant (QP) election forms

*You do not need a specific role (e.g., security official) for your organization to submit a targeted review request.*

*Documentation **may vary** according to the circumstances of the targeted review request.*

## How to Request a Targeted Review

# How to Request a Targeted Review

## Overview

This section of the guide provides step-by-step instructions on how to complete the targeted review request application located within your QPP account on [qpp.cms.gov](https://qpp.cms.gov).

## Step 1: Sign in to qpp.cms.gov

Sign in to your **QPP account** using your HARP credentials on [qpp.cms.gov](https://qpp.cms.gov).

**Don't have a HARP account?**  
[Register for QPP](#) to obtain your HARP credentials.

**Forgot your user ID or password?**  
[Recover your HARP credentials.](#)

**Looking for more information about HARP?**  
Visit the [HARP FAQs](#).

# How to Request a Targeted Review

## Step 4a: Select Application Type

Select the **application type** that aligns **with how your data was submitted**<sup>1</sup> to MIPS for the 2019 performance year, then select **save & continue**.

Select **save** if you wish to save your progress and complete your application later.

Additional information on each application type and the required identifying information is available on the following page.

<sup>1</sup>There are circumstances under which you will request your targeted review at a different level than how your data was submitted. These circumstances include but are not limited to requesting a targeted review of an eligible clinician's MIPS eligibility at the level which they should have been scored or their eligibility to be scored under the APM Scoring Standard.

# How to Request a Targeted Review

## Step 4b. Provide Identifying Information

You will be asked to enter **identifying information** based on which application type you choose. Each application type requires a different type of identifying information (e.g., individual – NPI, group – TIN).

**Note:** You have the option to create a name (personal reference only) for your request by clicking the pencil next to your request on the progress summary page.

Application Type	Select if you are...	You will be asked to provide the following identifying information...
Individual	<ul style="list-style-type: none"> <li>A MIPS eligible clinician who participated in MIPS <b>individually</b> by submitting data under your unique TIN/NPI combination</li> <li>Requesting a targeted review of a clinician's <b>MIPS eligibility</b></li> </ul>	Clinician NPI * ⓘ <input type="text" value="e.g. 1234567890"/>
Group	A practice that participated in MIPS as a <b>group</b> by submitting aggregated data under a single TIN on behalf of all eligible clinicians in your practice	Group TIN * ⓘ <input type="text" value="e.g. 123456789"/>
Virtual Group	A part of an <b>approved virtual group</b> that participated in MIPS by submitting aggregate data under your virtual group ID on behalf of all TINs within the virtual group	Virtual Group ID * ⓘ <input type="text" value="e.g. ABCDE123456780"/>  Application Title ⓘ <input type="text" value="Untitled"/>
APM Entity	<ul style="list-style-type: none"> <li>MIPS eligible clinician who <b>participated in an APM individually</b> by submitting data under a unique TIN/NPI combination associated with an APM</li> <li>Requesting a targeted review of a <b>clinician's eligibility to be scored under the APM Scoring Standard</b></li> <li>Practice that <b>participated in an APM as a group</b> by submitting aggregate data under a single TIN on behalf of all eligible clinicians in the practice</li> <li><b>APM Entity</b> that submitted data on behalf of all eligible clinicians in the entity</li> </ul>	APM Entity ID * ⓘ <input type="text" value="e.g. ABCDE123456780"/>
Unknown	Select <b>unknown</b> if you are <b>unsure</b> how you or the party requesting the review submitted data to MIPS	Clinician NPI * ⓘ <input type="text" value="e.g. 1234567890"/>

Fields with a red asterisk (\*) are required.

# How to Request a Targeted Review

## Step 7a: Select Issue Type *(continued)*

While this is not an all-inclusive list, below are examples of each issue type.

Issue Type	Example
Submission	Your practice reported to MIPS as a group and your vendor included the wrong TIN in the file they submitted to MIPS on your behalf.
Eligibility and/or special status determination(s)	You are a hospital-based MIPS eligible clinician who qualified for automatic reweighting of the Promoting Interoperability performance category to 0%. When looking at your 2019 MIPS performance feedback, you identified that the Promoting Interoperability performance category was not reweighted.
Extreme and uncontrollable circumstances	You are a solo practitioner who submitted data as an individual for 2 performance categories. However, you received a category score for all 4 performance categories when the 2 categories you did not submit data for should have been reweighted to 0% and unscored.
Measure/activity issues	You are part of a small practice of speech-language pathologists that reported to MIPS as a group. Your group submitted Quality performance data on the 3 measures in the Speech-Language Pathology specialty measure set, and the Quality performance category score denominator should have been lowered to 30 points, reflecting the 3 quality measures available. When looking at your group's 2019 MIPS performance feedback, you identified that your Quality performance category score denominator wasn't lowered.
General issues	You are a MIPS eligible clinician who qualified for facility-based measurement scoring. When looking at your 2019 MIPS performance feedback, you identified that you did not automatically receive Quality and Cost performance category scores based on your facility's Fiscal Year (FY) 2021 Hospital Value-based Purchasing (VBP) program score.

# How to Request a Targeted Review

## Step 7b: Attach Supporting Documentation

Attach your **supporting documentation** to your targeted review application, then select **submit for review**. **Supporting information may include, but is not limited to:**

- Extracts from the MIPS eligible clinician's Electronic Health Records
- Copies of performance data provided to a third-party intermediary by the clinician or group
- Copies of performance data submitted to CMS
- QPP Service Center case numbers
- Signed contracts or agreements between a clinician/group and a third-party intermediary
- Proof of your APM participation
- Partial Qualifying APM Participant (QP) election forms

*You do not need to encrypt your supporting documentation that contains personally identifiable information (PII) or personal health information (PHI) as the targeted review application is within your secure QPP Account on [qpp.cms.gov](http://qpp.cms.gov).*

Attach **supporting documentation** using drag & drop or browse your computer.

If available, please attach any supporting documentation that may support your claim.

Drag & Drop

files to attach or [browse](#)

## Step 7b: Attach Supporting Documentation (*continued*)

We strongly recommend attaching your supporting documentation to your targeted review application as soon as possible.

**Note:** If the reviewer of your targeted review requests supporting documentation, you will have 30 days to provide the requested documentation or the targeted review request will be denied.

# How to Request a Targeted Review

## Step 8: Certify and Submit for Review

Read the disclosure, once complete, select **certify & submit**.

Certify that you **read the disclosure** and submit your request.

The screenshot shows a web form titled "Certify and Submit for Review". At the top right, there are buttons for "Close (or esc)", "SAVE", and "CLOSE". The form contains the following sections:

- General Notice:** A text box stating, "No Quality Payment Program Targeted Review may be granted unless this application is completed."
- Disclosures:** A text box stating, "Submission of this Targeted Review Application is voluntary. Failure to provide sufficient information to identify the clinician or group may result in processing delays or denial of the Targeted Review Application. A Targeted Review Application may also be delayed or denied due to insufficient information regarding the nature of the request to review the calculation of the MIPS payment adjustment factor under section 1848(q)(6)(A) of the Act and, as applicable, the calculation of the additional MIPS payment adjustment factor under section 1848(q)(6)(C) of the Act applicable to such MIPS eligible clinician or group for a year."
- Certification of Clinician:** A text box stating, "I certify that the information contained in this Targeted Review Application is true, accurate, and complete to the best of my knowledge, information, and belief. If I become aware that any information contained in this application is not true, accurate, and complete, I will inform CMS promptly. I understand that:"
  - The Targeted Review Application for the Quality Payment Program that I requested may result in a change in the amount the clinician will be paid from Federal funds.
  - By filing the Targeted Review Application, I am submitting information that will be used to assess a claim for Federal funds.
- Bottom Section:** A text box stating, "By submitting this Targeted Review Application, I am certifying that the details entered are correct to the best of my knowledge. Furthermore, I am submitting this request as if I physically signed and submitted a hard copy of this form."
- Buttons:** At the bottom right, there are buttons for "CLOSE", "CERTIFY & SUBMIT >", "WITHDRAW", and "SUBMIT FOR REVIEW".

# How to Monitor a Targeted Review

## Communicate with Reviewer

Once you submit your request, use the **Comments** function located within your targeted review request details to **communicate with the reviewer** if you have a **question** about your request or have **supporting documentation** to submit for your request.

**Important Note:** Use the Comments function to communicate with the reviewer regarding your request instead of contacting the QPP Service Center. You will receive an email notification if a comment has been added by your reviewer.

**Helpful Hint:** Sign in to your QPP Account on a regular basis to ensure that you are staying current with your targeted review status and communications from your reviewer.

## Frequently Asked Questions

## Do I Need to Submit a Targeted Review Request For Each Clinician?

Generally, you will complete the targeted review request form at the level at which you, or those you are requesting a targeted review on behalf of, participated and reported data to the Quality Payment Program for the 2019 performance year. However, there are circumstances in which you will request your targeted review at a different level, such as if you are requesting a targeted review of an eligible clinician's MIPS eligibility at the level which they should have been scored or their eligibility to be scored under the APM Scoring Standard.

## How Long do I Need to Keep Documentation Regarding my Targeted Review?

You must retain all documentation associated with your targeted review request for 6 years from the end of the performance year. Therefore, you must retain your documentation through December 31, 2025 for the 2019 performance year.

## When Can I Expect an Outcome Regarding my Request?

We carefully evaluate each request on a case-by-case basis along with the supporting documentation you provide. The length of time it takes to complete our evaluation will vary depending on the complexity of your request.

We encourage you sign in to your QPP account on [qpp.cms.gov](https://qpp.cms.gov) to view the status of your targeted review and communications with your reviewer. If you have questions regarding your request, please communicate with your reviewer via the comments pane found within View Details for your request.

In addition to monitoring your targeted review on [qpp.cms.gov](https://qpp.cms.gov), you will receive confirmation emails notifying you that we received your targeted review request as well as the outcome of your request.

## Help, Resources, and Version History

## Where Can You Go for Help?

Contact the Quality Payment Program at 1-866-288-8292, Monday through Friday, 8:00 a.m.-8:00 p.m. ET or by e-mail at: [QPP@cms.hhs.gov](mailto:QPP@cms.hhs.gov).

- Customers who are hearing impaired can dial 711 to be connected to a TRS Communications Assistant.

Connect with your [local technical assistance organization](#). We provide no-cost technical assistance to small, underserved, and rural practices to help you successfully participate in the Quality Payment Program.

Visit the [Quality Payment Program website](#) for other [help and support](#) information, to learn more about [MIPS](#), and to check out resources available in the [QPP Resource Library](#).

## Additional Resources

[QPP](#) and the [QPP Resource Library](#) house fact sheets, measure specifications, specialty guides, technical guides, user guides, helpful videos, and more.
