Introduction

Purpose

The 2022 Self-Nomination User Guide provides prospective Qualified Clinical Data Registries (QCDRs) and Qualified Registries with guidance on how to self-nominate for the 2022 performance period of the Merit-Based Incentive Payment System (MIPS) program. The intent of the guide is to provide entities with step-by-step instructions on the information needed to populate and submit a completed Self-Nomination form for the Centers for Medicare & Medicaid Services (CMS) consideration.

Background

The Self-Nomination form is available through the CMS Quality Payment Program (QPP) website (<http://qpp.cms.gov/login>) and should be accessed, completed, and submitted by entities seeking to participate in MIPS for the 2022 performance period as a QCDR and/or Qualified Registry.

The **QCDR** and **Qualified Registry** Self-Nomination form contains the following tabs (please note, you are required to populate **all** required fields marked with an asterisk (*) and tabs prior to submitting your Self-Nomination form for CMS review):

- **Entity Contact Info tab** – Entities are required to enter their demographic and contact information.
- **Entity Details tab** – Entities are required to enter their participation details.

Quality Payment PROGRAM

- **Qualified Posting Details tab** – Entities are required to enter their cost information, services included in cost, last date to accept new clients, reporting information/supported, data collection methods, and performance categories. A Qualified Posting is developed for the approved QCDRs/Qualified Registries and include organization type, specialties, previous participation in MIPS (if applicable), program status (remedial action taken against the QCDR/Qualified Registry or terminated as a third-party intermediary, if applicable), contact information, last date to accept new clients, virtual groups specialty parameters (if applicable), the approved measures, performance categories supported, services offered, and costs incurred by clients. All approved QCDRs/Qualified Registries are included in the Qualified Posting that is posted on the [CMS QPP Resource Library](#).
- **Attestations tab** – Entities are required to attest that they understand and are able to meet the requirements of participation for the 2022 MIPS performance period.
- **Improvement Activities tab** – Entities are required to select the improvement activities supported for the 2022 MIPS performance period. [For more information, please see the 2021 MIPS Improvement Activities User Guide.](#)
- **Promoting Interoperability tab** – Entities are required to select the Promoting Interoperability objectives and measures supported for the 2022 MIPS performance period. For the Promoting Interoperability performance category, if the MIPS eligible clinician, group, and/or virtual group is using certified electronic health record technology (CEHRT); the third-party intermediary may be excepted from this requirement if ALL its MIPS eligible clinicians, groups, and/or virtual groups fall under the reweighting policies. Health Information Technology (IT) vendors are required to submit data for at least one category. For more information, please see the [2021 MIPS Promoting Interoperability User Guide](#).
- **MIPS Clinical Quality Measure (CQM) Specifications tab** – Entities are required to select the individual MIPS CQMs supported for the 2022 MIPS performance period. QCDRs and Qualified Registries **must** support at least six quality measures, with at least one outcome measure. If an outcome measure is not available, at least one other high priority measure should be used. **Please note**, some MIPS CQMs are also available as MIPS electronic Clinical Quality Measures (eCQMs) and should be used as specified. Changes to the measure specifications are not permitted.
- **MIPS electronic Clinical Quality Measure (eCQM) Specifications tab** – Entities may specify the eCQMs supported for the 2022 MIPS performance period. **Please note**, some MIPS eCQMs are also available as MIPS CQMs and should be used as specified. Changes to the measure specifications are not permitted.
- **Data Validation tab** – Entities are required to specify the methodology that they will use to validate the data submitted for the 2022 MIPS performance period.

Please refer to the 2022 QCDR Fact Sheet located in the [QPP Resource Library](#) for additional information on the QCDR participation requirements. The 2022 QCDR Fact Sheet is included in the 2022 Self-Nomination Toolkit.

Quality Payment PROGRAM

Please refer to the 2022 Qualified Registry Fact Sheet located in the [QPP Resource Library](#) for additional information on the Qualified Registry participation requirements. The 2022 Qualified Registry Fact Sheet is included in the 2022 Self-Nomination Toolkit.

The **QCDR** Self-Nomination form contains the following additional tabs (**please note**, you are required to populate all required fields marked with an asterisk (*) and tabs prior to submitting your Self-Nomination form for CMS review):

- **Benchmarking Capabilities tab** (optional) – Allows QCDRs to upload their benchmarking methodology.
- **QCDR Measures tab** (optional) – Allows QCDRs to provide QCDR measures and/or supplemental QCDR measure documentation for consideration for the 2022 performance period. To utilize this QCDR measures tab your entity must choose ‘Yes’ under the “Do you plan to submit QCDR Measures?” question on the Entity Details tab to submit your QCDR measures. **Please note**, QCDRs who plan to submit QCDR measures for CMS consideration, must complete this tab.

To be considered for the 2022 MIPS performance period, prospective QCDRs and/or Qualified Registries will be required to submit their complete Self-Nomination form (inclusive of MIPS quality measures, QCDR measures (QCDRs only), and data validation) by **8 p.m. Eastern Time (ET) on September 1, 2021**. Entities who intend on participating in MIPS as a QCDR and Qualified Registry **must complete and submit a Self-Nomination form for each entity type** for the 2022 MIPS performance period. CMS will only approve the organization for the entity type identified within the Self-Nomination form. Applicants will not be able to update or submit their self-nomination after the deadline. CMS will not review late submissions.

Failure to meet participation requirements and/or the falsification of any information provided during self-nomination, may result in remedial action being taken against the QCDR and/or Qualified Registry, or termination as a QCDR and/or Qualified Registry in the current and future program years of MIPS.

CMS will post two Qualified Postings for the 2022 MIPS performance period, one for approved QCDRs and another for approved Qualified Registries. MIPS eligible clinicians, groups, virtual groups, APM Entities, voluntary participants, and/or opt-in participants may utilize the qualified postings to select a CMS-approved QCDR or Qualified Registry as their method of data submission for MIPS reporting.

Additional resources regarding the 2022 MIPS performance period can be found on the QPP website at <http://www.qpp.cms.gov/>.

Accessing the QPP Website

Sign Up for a QPP Account

If you do not have a user account, you must create a user account.

1. Review the [QPP Access User Guide \(zip\)](#) that contains these files:
 - a. QPP Access at a Glance - Gives an overview of what you need to do to sign in to <http://www.qpp.cms.gov> and how you will manage access to organizations you want to access to self-nominate.
 - b. Register for a HCQIS Access Roles and Profile (HARP) Account - Gives step-by-step instructions with screenshots for new users (those who have never signed into <http://www.qpp.cms.gov>) to create an account.
 - c. Connect to an Organization - Gives step-by-step instructions with screenshots for any user to request authorization for an organization. Follow these steps if you need to self-nominate for an organization that is currently submitting on the QPP website. This includes organizations that qualify for the simplified Self-Nomination form. You may need to connect to the organizations that you need to self-nominate.
 - d. Security Officials: **Manage Access** - Gives step-by-step instructions with screenshots for a small group of users (those with a Security Official role) to approve requests to access their organization. Follow these steps if you need to self-nominate for an organization that is currently submitting on the QPP website. This includes organizations that qualify for the simplified Self-Nomination form. You may need to request the Security Official role for the organizations that you need to self-nominate.
2. Navigate to the [QPP website](#).
3. Click on **Register**.

This warning banner provides privacy and security notices consistent with applicable federal laws, directives, and other federal guidance for accessing this Government system, which includes (1) this computer network, (2) all computers connected to this network, and (3) all devices and storage media attached to this network or to a computer on this network.

Quality Payment PROGRAM

Please note, you must have the “Security Official” role assigned to access, complete, and submit the Self-Nomination form for your organization(s). If you do not have the “Security Official” role, please submit a request to your organization’s “Security Official” via the QPP website. If you are the “Security Official” for your organization, you may add this role to the appropriate staff via the QPP website. Users can request access as a “Security Official” on the **Manage Access** page by clicking the “Connect to another Organization” link. You will be able to identify the QCDRs/Qualified Registries where the “Security Official” role has been approved as they are listed on the **Manage Access** page. The list of organizations that you can self-nominate will match the list of organizations displayed on the **Manage Access** page under the Registry option (QCDR/Qualified Registry entities). If you know the organization that you need to self-nominate is active on the QPP website and it is missing from this list, then you need to follow the steps above to “Connect to an Organization” in the “Security Official” role.

Quality Payment PROGRAM

Connect to Organization

Step 1 of 3

Select Organization Type

Practice

A representative of a single TIN can request a practice role. The first Security Official will need to provide the PTAN and NPI of a single clinician that is part of that practice.

Individual Clinician

A clinician (not a representative or third party) with NPI, SSN and PTAN information for one participating practice (TIN) can request an individual clinician role. With this role, clinicians can review their performance feedback for all their associated practices, virtual groups and APM entities that participated in MIPS. Clinicians cannot manage additional users or view data for any other clinicians.

Alternative Payment Model (APM) Entity

A representative of entities participating in Shared Savings Program, Next Generation, CPC+, CEC, OCM, Maryland Total Cost of Care, BPCI Advanced, Vermont All-payer, and Independence at Home Demonstration can request an APM entity role. The first Security Official may need to provide different data based on model.

Registry

A representative of a CMS-approved registry can request a registry role. The first Security Official will need to provide the Vendor ID for the registry.

Virtual Group

A representative of a CMS-approved virtual group can request a virtual group role. The first Security Official will need to provide the TINs of 2 participating practices.

CONTINUE

Quality Payment PROGRAM

[Account Home](#) / [Manage Access](#) /

Connect to Organization

Step 2 of 3

Find a Registry

Search for a registry using the registry TIN, the registry's name, or the Vendor ID (e.g. 000456789, ACME registry, or 1234567)

Search for a registry using the registry TIN, the registry's name, or the Vendor ID

[BACK](#) [CONTINUE](#)

Self-Nomination Form Tips

Please consider the following tips as you prepare to self-nominate:

- QCDRs and Qualified Registries must enter and maintain a Health Insurance Portability and Accountable Act (HIPAA) compliant Business Associate Agreement (BAA) with its participating MIPS eligible clinicians, groups, virtual groups, APM Entities, voluntary participants, and/or opt-in participants that provides for receipt of patient-specific data. The BAA must account for the disclosure of quality measure results, numerator and denominator data, and/or patient-specific data on Medicare and non-Medicare patients on behalf of MIPS eligible clinicians, groups, virtual groups, APM Entities, voluntary participants, and/or opt-in participants.
- All prospective QCDRs and Qualified Registries must complete and submit their Self-Nomination form via the [QPP website](#). No other Self-Nomination form submission methods will be accepted.
- Prepare the information needed to complete the Self-Nomination form, measure information and Data Validation in advance of the attempt to self-nominate via the [QPP website](#). **Please note**, that the system will log you out after 30 minutes of inactivity.
- A third-party intermediary's principal place of business and retention of associated CMS data must be within the U.S. **Please note**, CMS policy prohibits non-U.S. citizens from accessing CMS IT systems.

Quality Payment PROGRAM

- The time required to complete this information collection is estimated to average twelve hours per Self-Nomination form, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the Self-Nomination form.
- All fields marked with a red asterisk (*) are required.
- You will not be able to successfully submit a self-nomination unless all the required fields of all tabs have been filled out. However, once submitted, you may go back and edit your submission **until 8 p.m. ET on September 1, 2021. Do not click “SUBMIT FOR REVIEW” until all the required fields of all tabs have been completed.**
- Comment functionality is available in the Self-Nomination tool. It may be used for specifying any updates or informing CMS about any changes that have been applied to the self-nomination or QCDR measures. Refer to [“Comments”](#) section of this User Guide for additional information.
- If you have questions about the 2022 Self-Nomination form, please contact the QPP Service Center at 1-866-288-8292 or by email at: QPP@cms.hhs.gov, Monday through Friday from 8 a.m. to 8 p.m. ET. To receive assistance more quickly, please consider calling during non-peak hours, before 10 a.m. and after 2 p.m. ET. Customers who are hearing impaired can dial 711 to be connected to a TRS Communications Assistant.

Creating a Self-Nomination Form (prospective QCDRs/Qualified Registries)

1. Click “Registry/QCDR Self-Nomination” under **Manage Access**.
2. Click “Add New Entity.”

The screenshot displays the 'Self Nomination' interface. At the top, it says 'Performance Year (PY) 2022'. Below this is a timeline with three key dates: 'Jul 01, 2021' (2022 Self-Nomination Period Opens), 'Sep 01, 2021' (2022 Self-Nomination Period Closes), and 'Jan 01, 2022' (2022 Approved Entity List Published). A yellow banner indicates the 'Current Activity Period: 2022 Self-Nomination' and states 'Self-Nomination for 2022 is currently under way. Please submit your nomination for review by September 1, 2021 8 p.m. Eastern Time (ET). There are 79 days left.' At the bottom, there is a section for 'YOUR ENTITIES (0)' with a link to 'ENTITY NOT LISTED?' and a red circle around the '+ ADD NEW ENTITY' button, with a 'VIEW WORKFLOW' link to its right.

3. Enter your entity name (to be displayed on Qualified Posting) and indicate your prospective QCDR's or Qualified Registry's entity type. Please ensure you have selected the correct entity type, as this may affect your application. If you would like to self-nominate to become both a QCDR and Qualified Registry, you must complete an application for each entity type.

Quality Payment PROGRAM

2. Follow the directions provided in the "Entity Not Listed?" pop-up window.

Entity Not Listed?

On the Landing page you should see existing Entities that you have access to in QPP and New Entities you are Self-Nominating.

To see existing QPP Entities, you must be a Security Official role for that Registry Organization. Once approved as a Security Official, the existing Entity will display in the list of Entities below.

To request the Security Official Role for an Entity, please:

1. Go to the [Find a Registry](#)  page.
2. Search for the Registry Organization you need to submit a Self-Nomination for
3. Request the Security Official role for that Registry Organization

To see new QPP Entities that are new to the QPP Program, you must be the user who created the Self-Nomination form for the Entity, or have the user who created the Self-Nomination form add the QPP email address associated with your QPP account to the "Entity Staff Access" field on the Self-Nomination form. The "Entity Staff Access" field can be found on the "Entity Contact Info" tab in the "Organization and Access" module.

If all of these are correct, and you are still not seeing the Entity you need to Self-Nominate for, then please submit a help desk ticket.

GOT IT

Populating the 2022 Self-Nomination Form

Disclaimer: A majority of the screenshots used in this section of the User Guide were taken from the QCDR Self-Nomination form. Corresponding fields of the Qualified Registry Self-Nomination form may slightly differ.

Please note, the “Populating the 2022 Self-Nomination Form” process should be completed by prospective QCDRs/Qualified Registries or existing QCDRs/Qualified Registries that currently are not in good standing (i.e., have remedial action taken against the entity). Existing QCDRs/Qualified Registries in good standing may refer to the [“Populating the 2022 Simplified Self-Nomination Form”](#) section of the User Guide for information on self-nominating for the 2022 MIPS performance period. Existing QCDRs/Qualified Registries in good standing should contact the MIPS QCDR/Registry Support Team (PIMMS Team) at QCDRVendorSupport@gdit.com or RegistryVendorSupport@gdit.com if they cannot find or access the simplified Self-Nomination form instead of submitting a new Self-Nomination form.

All input placed into the form is automatically saved when you move to the next field. If you cannot complete the Self-Nomination form in one session, you may click the “Save & Close” button on the Self-Nomination form and come back to it later.

You may navigate between the Self-Nomination form tabs by clicking the appropriate tab on the left-hand side of the screen or at the bottom of the screen.

Populating the 2022 Simplified Self-Nomination Form

A Simplified Self-Nomination form is available, to reduce the burden of self-nomination for those existing QCDRs/Qualified Registries that have previously participated in MIPS and are in **good standing** (remedial action has not been taken against the entity). A Simplified Self-Nomination form is available **only** for existing QCDRs and Qualified Registries in good standing with no changes, minimal changes, and those with substantive changes as described below. Existing QCDRs/Qualified Registries in good standing should contact the MIPS QCDR/Registry Support Team (PIMMS Team) at QCDRVendorSupport@gdit.com and RegistryVendorSupport@gdit.com if they cannot find or access the Simplified Self-Nomination form instead of submitting a new Self-Nomination form.

- **QCDR/Qualified Registry in good standing with no changes** – existing QCDRs/Qualified Registries in good standing may continue their participation in MIPS, by reviewing, making updates, and submitting the QCDR's/Qualified Registry's previously approved: data validation, services offered, cost associated with using the QCDR/Qualified Registry, measures, improvement activities, and performance categories were supported from the previous performance period of MIPS will be used for the upcoming performance period. Existing QCDRs/Qualified Registries (in good standing) may submit during the self-nomination period, between July 1 and September 1, that they have no changes to their approved Self-Nomination form from the previous year of MIPS and submit the Self-Nomination form to CMS for consideration.
- **QCDR/Qualified Registry with minimal changes** – existing QCDRs/Qualified Registries in good standing that would like to submit minimal changes to their previously approved Self-Nomination form from the previous year and may submit these changes, and attest to no additional changes from their previously approved QCDR/Qualified Registry Self-Nomination form, for CMS review and consideration during the self-nomination period, from July 1 and September 1. Minimal changes include but are not limited to:
 - Limited changes to the supported performance categories.
 - Adding or removing MIPS quality measures.
 - Adding or updating existing services offered.
 - Cost associated with using the QCDR/Qualified Registry.
- **QCDR/Qualified Registry with substantive changes** – existing QCDRs/Qualified Registries in good standing, may also submit for CMS review and approval, updates to a QCDRs/Qualified Registries data validation, or a change in the organization structure that would impact any aspect of the QCDR/Qualified Registry. Substantive changes impacting the organizational structure should be communicated to CMS as soon as possible. Suggestions for new MIPS quality measures should go through the Annual Call for Measures process and updates to the existing MIPS quality measures should be submitted to the existing measure's steward. QCDRs/Qualified Registries are not allowed to submit or create new MIPS quality measures during self-nomination.

Quality Payment PROGRAM

You may begin your 2022 Simplified Self-Nomination form by clicking “Get Started” on the self-nomination landing page. **Please note**, that existing QCDRs and Qualified Registries that are eligible for the Simplified Self-Nomination form will see a nomination status of “Renewed.”

Entity Details

1. Click the **Entity Details** tab.
2. Indicate your prospective QCDR's or Qualified Registry's entity type. If "Health IT Vendor" or "Other" is selected, please specify.
3. Indicate if this is a new or existing QCDR or Qualified Registry that participated under MIPS and/or Physician Quality Reporting System (PQRS). Select all applicable years your prospective QCDR or Qualified Registry has participated in MIPS and/or PQRS as a QCDR or Qualified Registry.

The screenshot shows the 'Entity Details' form. On the left is a vertical navigation menu with the following items: 'Entity Contact Info', 'Entity Details' (highlighted with a red circle), 'Qualified Posting Details', 'Attestations', 'Improvement Activities', 'Promoting Interoperability', 'MIPS Clinical Quality Measure (CQM) Specifications', and 'MIPS-eCQM'. The main content area is titled 'Entity Details' and contains a 'Participation Details' section. This section includes a dropdown menu for 'Entity Type*' with a question mark icon and the word 'Select' inside. Below this is a section for 'MIPS/PQRS Participation*' with a question mark icon, featuring two radio buttons labeled 'New' and 'Existing'.

4. Enter any other aliases or acronyms your prospective QCDR or Qualified Registry currently uses or has used for participation as a QCDR or Qualified Registry in previous program periods.

Alternative Names (Aliases)

Alias * 

Enter alias name, acronym or abbreviation

This field is required.

☐ Not using an alias

5. Please indicate your prospective QCDR or Qualified Registry's related clinical specialty(ies).

QCDR Details

QCDR Clinical Specialty(ies)* 

List specialties separated by commas

6. Does the prospective QCDR plan to submit QCDR measures? Please select Yes or No **(QCDRs only)**. To populate the QCDR Measures tab your entity must choose 'Yes' under the "Do you plan to submit QCDR Measures?" question to submit your QCDR measures for CMS consideration.
7. Does the prospective QCDR plan to risk adjust the quality measures data that is integrated with the measure specifications? Please select Yes or No **(QCDRs only)**. Upload your Risk Adjustment Plan in the "file uploads" section. **Please note**, do NOT upload the attachment in the comment section.

Attestations

1. Click the **Attestations** tab.

The screenshot shows a web interface for the Quality Payment Program. At the top, there's a header with the text "SELF-NOMINATION DETAILS". Below this, there's a vertical list of four items, each with a green checkmark icon to its left: "Entity Contact Info", "Entity Details", "Qualified Posting Details", and "Attestations". The "Attestations" item is highlighted with a red oval. Below this list, the word "Attestations" is written in bold. Underneath, there's a light gray box containing the text "QCDR Participation Requirements". At the bottom of the page, there's a small line of text: "By signing and submitting this Self-Nomination form, you are attesting to your QCDR's ability to meet the following participation requirements for the 2022 performance period under the Quality Payment Program (QPP)."

2. Review the "Participation" statement and enter your name to attest that your prospective QCDR or Qualified Registry meets the participation requirements. In addition, please review and answer the self-nomination attestation questions and indicate if your prospective QCDR or Qualified Registry is able to meet these program requirements. **To be considered, a prospective QCDR or Qualified Registry must attest "Yes" to all the self-nomination attestations.**

Quality Payment PROGRAM

Self Attestations

I attest that as a QCDR, I will attend and complete training and support sessions in the form and manner, and at the times, specified by the Centers for Medicare & Medicaid Services (CMS). If I cannot attend, I will ensure that my QCDR is represented by another member of my team.*

☒ Yes

I attest that as a QCDR, I have had previous experience collecting and transmitting data through a registry type platform, and can validate the operational feasibility and technical capabilities to support reporting of data for the Quality, Improvement Activity, and Promoting Interoperability performance category from the start of the performance period.*

☒ Yes

I certify to the best of my knowledge that all of the submitted information is true, accurate, and complete including the acceptance of data exports directly from an electronic health record (EHR) or other data sources. If I become aware that any submitted information is not true, accurate, and complete, I will correct such information promptly prior to submission, or refrain from submitting it. I understand that the knowing omission, misrepresentation, or falsification of any submitted information may be punished by criminal, civil, or administrative penalties, including fines, civil damages, and/or imprisonment.*

☒ Yes

I attest that, per the requirements, our organization has the ability to randomly request and receive documentation from providers to verify accuracy of data. Our organization will provide CMS access to review the Medicare patient data on which 2022 QPP QCDR-based submissions are based or provide to CMS a copy of the actual data (if requested for validation purposes).*

☒ Yes

I attest that I have at least 25 participants by January 1 of the year prior to the applicable performance period. These participants do not need to use the QCDR to report MIPS data to CMS, but they must submit data to the QCDR for quality improvement. Documentation will be provided to CMS upon request. In addition, as a QCDR up and running, and able to accept data from MIPS eligible clinician, group, virtual group, APM Entity, voluntary participant, and opt-in participant starting on January 1 of the performance period.*

☒ Yes

Quality Payment PROGRAM

I attest that I understand that QCDRs must identify, track, and submit which clinicians are interested in participating in MIPS and have chosen to opt-in or voluntarily participate in MIPS at the time of data submission.*

☒ Yes

I attest that I understand the QCDR qualification criteria and program requirements and will meet all program requirements (such as provide performance feedback at least 4 times a year on all supported performance categories and provide specific feedback to clinicians and groups on how they compare to other clinicians who have submitted data on a given quality (MIPS quality measure and/or QCDR measure) measure). Please note that the performance feedback reports must be provided during the given performance period and performance period data submission period. If your organization cannot provide at least four performance category feedback reports due to receiving data at the end of the performance period, your organization must provide sufficient rationale as to why your organization would not be able to meet this requirement. Each QCDR would still be required to submit notification to CMS within the reporting period promptly within the month of realization of the impending deficiency to be considered for this exception, as discussed at § 414.1400(c)(2)(ii).*

☒ Yes

I attest that I understand as a QCDR that failure to meet qualification criteria and compliance with program requirements may result in my QCDR having remedial action taken against my QCDR or terminated as a third party intermediary from participation in MIPS in the future.*

☒ Yes

I attest that I understand that a third-party intermediary's principal place of business and retention of associated CMS data must be within the U.S. and by attesting to this statement, our QCDR's principal place of business and retention of associated CMS data is within the U.S.*

☒ Yes

I attest that I understand as a third-party intermediary we will agree to provide services for the entire performance period and applicable data submission period. Prior to discontinuing services to any MIPS eligible clinician, group, virtual group, APM Entity, voluntary participant, and opt-in participant during a performance period, the third-party intermediary must support the transition of such MIPS eligible clinician, group, virtual group, APM Entity, voluntary participant, and opt-in participant to an alternate third-party intermediary, submitter type, or, for any measure on which data has been collected, collection type according to a CMS approved transition plan.*

☒ Yes

Quality Payment PROGRAM

I attest that as a QCDR, I will use the validation methods that currently exist for improvement activities and Promoting Interoperability to support the reporting of those performance categories.*

☒ Yes

I attest the submitted MIPS data includes all-payer data, not just Medicare Part B patients.*

☒ Yes

I attest the submitted data will use a CMS-specified secure method for data submission, such as a defined QPP data format. Additional information regarding data submission methodologies can be found in the Developer Tools section of the Resource Section of the QPP website <https://qpp.cms.gov/developers> .

☒ Yes

I attest to provide information on our process for data validation for individual clinician, group, virtual group, and/or Alternative Payment Model (APM) Entity within our data validation.*

☒ Yes

I attest to execute our 2022 Data Validation and provide CMS the results (i.e., Results of the data validation/targeted audits, identifying calculation issues, why they occurred and what was done to remediate.) The execution of the Data Validation, including the identification and correction of those errors to be completed prior to the submission of data for the 2022 MIPS performance period, for all performance categories supported.*

☒ Yes

Submitter Signature* 

First and Last Name

Please note, these attestations include the acceptance of data exports directly from an EHR or other data sources. If you become aware that any submitted information is not true, accurate,

Quality Payment PROGRAM

and complete, you will correct such issues promptly prior to submission, or refrain from submitting it.

Improvement Activities

Data Validation

On this tab, you will be asked to specify the methodology your prospective QCDR, or Qualified Registry will use for validating the data being submitted to CMS. **All fields are required to be populated.** The Data Validation must be populated into the pre-formulated fields in the Self-Nomination form. **CMS will only review the information populated in the pre-formulated fields for purposes of satisfying the Data Validation. Please note, execution of your Data Validation must be completed prior to the 2022 data submission period for all performance categories supported, so errors can be corrected prior to data submission for the 2022 performance period.** All data that is eligible to be submitted for purposes of the MIPS program should be subject to validation, regardless of whether they are MIPS eligible clinicians, groups, virtual groups, APM Entities, voluntary participants, and/or opt-in participants.

Quality Payment PROGRAM

Data Validation

* Required

Data Validation Specifications

The Data Validation details how the QCDR will determine whether MIPS eligible clinicians, groups, virtual groups, Alternative Payment Model (APM) Entities, voluntary participants, and opt-in participants have submitted data accurately and satisfactorily on the minimum number of their eligible patients, visits, procedures, or episodes for a given measure. Acceptable validation strategies include provisions such as the QCDR being able to conduct random sampling of their participant's data but may also be based on other credible means of verifying the accuracy of data content and completeness of reporting or adherence to a required sampling method. Please note, execution of your data validation must be completed prior to data submission for all supported performance categories to reduce erroneous data.

Populating Data Validation

1. Describe how your prospective QCDR or Qualified Registry will verify MIPS eligibility for each clinician, group, virtual group, APM Entity, voluntary participant, and/or opt-in participant (i.e., verify all participation categories meet the eligibility thresholds). **Please note, MIPS eligible clinician, group, virtual group, APM Entity, voluntary participant, and/or opt-in participant self-attestation does not suffice.**

Quality Payment PROGRAM

How will your organization verify MIPS eligibility of each Clinician/Group/Virtual Group/APM Entity?*

Please let us know how you'll verify

This field is required.

2. Indicate the method your prospective QCDR or Qualified Registry will use to verify the accuracy of TINs and/or National Provider Identifiers (NPIs) intended for submission (i.e., CMS National Plan and Provider Enumeration System (NPPES), CMS Claims, and/or tax documentation). **Please note, each MIPS eligible clinician, group, virtual group, APM Entity, voluntary participant, and/or opt-in participant self-attestation does not suffice.**

How will your organization verify accuracy of Tax Identification Number-National Provider Identifiers (TIN-NPIs)?*

Please let us know how you'll verify

This field is required.

3. Describe the method your prospective QCDR or Qualified Registry will use to accurately calculate reporting and performance rates (i.e., formulas included in the quality measure specifications).

What method will your organization use to calculate reporting and performance rates?*

Please let us know your method

This field is required.

4. Describe the system your prospective QCDR or Qualified Registry will use to verify that only 2022 versions of MIPS quality measures, QCDR measures, improvement activities, and Promoting Interoperability measures are reported for MIPS submission.

Quality Payment PROGRAM

Describe the system your prospective QCDR will use to verify that only 2022 versions of measures and activities are reported for MIPS submission.* ?

Please let us know how your organization will verify

This field is required.

5. Describe the process used for completion of the data validation audit of a subset of data prior to the submission to CMS. Periodic examinations may be completed to compare patient record data with submitted data and/or ensure the MIPS measures were accurately reported based on the appropriate measure specifications (that is, accuracy of numerator, denominator, and exclusion criteria). The QCDR/Qualified Registry must provide their sampling methodology that would be used to conduct the audits. The QCDR or Qualified Registry, at a minimum must meet the following sampling methodology to meet participation requirements: Sample 3% of the TIN-NPIs submitted to CMS, with a minimum of 10 TIN-NPIs or a maximum sample of 50 TIN-NPIs. At least 25% of the TIN-NPI's patients (with a minimum sample of 5 patients or a maximum sample of 50 patients) should be reviewed for all measures applicable to the patient. **Please note**, the data validation audit and targeted audit are not the same audit. See further details in targeted audit for further information.

Describe the process used for completion of data validation audit.* ?

Please let us know your process

This field is required.

6. Describe the process used for completion of a targeted audit if data validation inaccuracies are identified during the data validation audit. **Please note**, targeted audit and data validation audit are not the same type of audit. The targeted audit should include a description of the root cause analysis, how the error was corrected, and the percentage of your total MIPS eligible clinicians, groups, virtual groups, APM Entities, voluntary participants, and/or opt-in participants impacted by the data error. **Please note**, the sample used for auditing in the targeted audit must not include data used for the data validation audit in which the deficiency or data error was identified (i.e., select an additional 3% sample in addition to the MIPS eligible clinicians, groups, virtual groups, APM Entities,

Quality Payment PROGRAM

voluntary participants, and/or opt-in participants impacted by the identified error). The aspect of the audit that is considered “the detail” is the specific error you are auditing for.

Describe the process of completing a targeted audit.* ?

Please let us know your process

This field is required.

Benchmarking Capabilities(QCDR ONLY)

This tab is optional and should ONLY be used by QCDRs if they are submitting QCDR Benchmarking Capabilities to CMS for consideration.

1. Indicate whether you have benchmarking capability (QCDR only). Upload your benchmarking plan in the “file uploads” section if ‘Yes’ is selected. **Please note**, do NOT upload the attachment in the comment section.

QCDR Measures (QCDR ONLY)

This tab is optional and should ONLY be used by QCDRs if they are submitting QCDR measures for CMS consideration.

Starting with the 2022 MIPS performance period, QCDR measures are required to be submitted using the QCDR Measures tab. The QCDR measures tab should ONLY be filled out by QCDRs who meet the definition of a QCDR, are self-nominating as a QCDR for 2022, and wish to self-nominate QCDR measures for CMS consideration.

Each QCDR may self-nominate a maximum of 30 QCDR measures for CMS consideration.

QCDR measures may be approved for 2 years, at CMS discretion, by attaining approval status and meeting QCDR measure considerations and requirements. Upon annual review, CMS may revoke the QCDR measure second year approval, if the QCDR measure is found to be:

- Topped out.
- Duplicative of a more robust measure.
- Reflects outdated clinical guideline.
- The QCDR measure steward is no longer in good standing or participating as a QCDR.

Existing QCDRs (in good standing) will be provided a pre-populated QCDR Measures tab which includes their 2021 MIPS performance period approved QCDR measure specifications. **The pre-populated QCDR measures (for existing QCDRs in good standing only) will be added to each existing QCDR's respective 2022 Simplified Self-Nomination form in the QPP website. Please note, pre-populated QCDR measures will need to be updated to include information for the new required fields.**

In addition, any updates to previously approved/provisionally approved QCDR measure specifications from the 2021 MIPS performance period will need to be included in the QCDR measure submission for CMS consideration. Furthermore, QCDRs in good standing may also submit new QCDR measures for CMS consideration for the 2022 MIPS performance period.

In instances where a QCDR believes a low-reported QCDR measure that did not meet benchmarking thresholds is still important and relevant to a specialist's practice, the QCDR may develop and submit a QCDR measure participation plan for CMS consideration. This QCDR measure participation plan must include the QCDR's detailed plans and changes to encourage MIPS eligible clinicians, groups, virtual groups, APM Entities, voluntary participants, and/or opt-in participants to submit data on the low-reported QCDR measure for purposes of the MIPS program.

As examples, a QCDR measure participation plan could include one or more of the following:

- Development of an education and communication plan.
- Update the QCDR measure's specification with changes to encourage broader participation.
- Require reporting on the QCDR measure as a condition of reporting through the QCDR.

Populating QCDR Measures

All fields denoted with an asterisk (*) are required. The QCDR Measures tab has built in validation to ensure that all required fields are completed. Please ensure that all fields are checked for grammar and typographical errors. A [complete list of fields](#) with instructions can be found at the end of this section.

Select the QCDR Measures tab under QCDR Measure Submission to begin the QCDR measure submission process:

QCDR MEASURE SUBMISSION

QCDR Measures

Pre-populated Existing QCDR Measures

The QCDR measures are pre-populated in the “DRAFTS” section under the QCDR Measures tab as part of the Simplified Self-Nomination form process for QCDRs in good standing from the previous MIPS performance period.

To view your pre-populated existing QCDR measures:

1. Click on “DRAFTS”.
2. Click the down arrow in the “Drafts” box, click on the “Edit Details” button of the QCDR measure to be completed.
3. Complete all required fields. Please note that required fields will vary depending on the QCDR measure owner status, measure adoption, and new versus existing QCDR measures.

Quality Payment PROGRAM

- When all required fields are completed and ready for CMS submission, click on the “Submit to CMS” button located at the bottom of your screen. If the button is greyed out, please review and complete the missing required fields.

Self-Nominate QCDR Measures

These QCDR measures can be new or existing QCDR measures that the QCDR would like to self-nominate. This would include existing QCDR measures that did not meet the criteria to be in the pre-populated form (i.e., a QCDR measure borrowed from another QCDR, a QCDR measure that was not approved for the prior year but had previously been in the program).

To submit a QCDR measure for CMS consideration:

- Click on “+Add QCDR Measure”.

- Indicate the measure owner status. Select "Yes", "No", or "Co-owned by two or more QCDRs" for this field.

ADD New QCDR Measure

Do you own this measure?

☐ Yes ☐ No ☐ Co-owned by two or more QCDRs

CANCEL

CONTINUE

- a. By selecting “Yes”, you are attesting that you own the QCDR measure.
- b. By selecting “No”, you are attesting that you do not own or co-own the QCDR measure and currently have written permission from the QCDR measure owner/steward to use the QCDR measure. Please note that the QCDR who owns the QCDR measure must be an active and approved QCDR for the given self-nomination period. CMS/the MIPS QCDR/Registry Support Team (PIMMS Team) will confirm that the appropriate permission has been given by the QCDR measure owner as part of the QCDR measure review process. (During the measure specification process the QCDR measure owner will verify that all QCDRs attesting to borrowing their QCDR measure do in fact have permission. Each QCDR measure owner will be provided with names of other QCDRs that have attested to borrowing their measure.)
- c. By selecting “Co-owned by two or more QCDRs”, you are attesting that you are a co-owner of the QCDR measure.
- d. “Are you the primary steward?” This field needs to be answered Yes by the co-owner taking primary responsibility for the QCDR measure. The purpose of assigning a primary steward is to aid in determining appropriate measure specifications if there is conflicting information between QCDR measure owners.

Owned QCDR Measures

1. “Do you own this measure?” Select “Yes” and click continue.
2. Complete all required fields. Please note that required fields will vary depending on the QCDR measure owner status.
3. When all required fields are completed and ready for CMS submission, click on the “Submit to CMS” button located at the bottom of your screen. If the button is greyed out, please review and complete the missing required fields.

6. When all required fields are completed and ready for CMS submission, click on the “Submit to CMS” button. If the button is greyed out, please review and complete the missing required fields.

Borrowed QCDR Measures

Please note that the QCDR who owns the QCDR measure must be an active and approved QCDR for the given self-nomination period. CMS/the MIPS QCDR/Registry Support Team (PIMMS Team) will confirm that the appropriate permission has been given by the QCDR measure owner as part of the QCDR measure review process.

1. Select “No” for “Do you own this measure?”.
2. “Has this measure been previously approved by CMS?”, select “Yes” or “No” and Continue.
 - a. If “No” is selected:
 - i. Populate the required fields.
 1. When uploading the written permission from the QCDR measure owner to use the QCDR measure, please include the date of upload in the file name.
 - a. Note: The required fields are limited to fields that a borrowing QCDR needs to complete and differ from the QCDR measure owner. The remaining QCDR measure specifications will be collected from the QCDR measure owner.
 2. When all required fields are completed and ready for CMS submission, click on the “Submit to CMS” button. If the button is

Submitting QCDR Measures for CMS Consideration

Please ensure that all QCDR measures are in the “Submitted to CMS” status before the close of the self-nomination period (8 pm ET on September 1). QCDR measures that are in a “Draft” or “Non-active” status will not go through the CMS consideration process for use by the self-nominating QCDR.

QCDR Measures

* Required

QCDR Measures Specifications Submission

The QCDR Measure Submission should ONLY be filed out by QCDRs who meet the 2020 definition of a QCDR, are self-nominating as a QCDR for 2022, and wish to submit QCDR measures for CMS consideration.

+ ADD QCDR MEASURE

A QCDR may submit a maximum of 30 QCDR measures for CMS consideration.

Measure Specification Fields

The following section provides detailed information on each measure specification field. Please note that required fields will vary depending on the QCDR measure owner status, measure adoption, and new versus existing QCDR measures.

Measure Info Section:

- **Measure Title*** – Provide the measure title, which should begin with a clinical condition of focus, followed by a brief description of action. **Example:** Preventive Care and Screening: Screening for Depression and Follow-Up Plan.
- **Measure Description*** – Describe the measure in full detail. **Example:** Percentage of patients aged 12 years and older screened for depression on the date of the encounter using an age-appropriate standardized depression screening tool and if positive, a follow-up plan is documented on the date of the positive screen.
- **Denominator*** – Describe the eligible patient population to be counted to meet the measures' inclusion requirements. **Example:** All patients aged 12 years and older at the beginning of the measurement period with at least one eligible encounter during the measurement period.
- **Numerator*** – Provide the clinical action that meets the requirements of the measure. **Example:** Patients screened for depression on the date of the encounter using an age-appropriate standardized tool and, if positive, a follow-up plan is documented on the date of the positive screen.

Quality Payment PROGRAM

Measure Info

Measure Title* ?

e.g. Appropriate Management of Obstructive Azoospermia

Measure Description* ?

e.g. Percentage of patients aged 12 years and older screened for depression on the date of the encounter using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen.

Denominator* ?

e.g. All patients aged 12 years and older at the beginning of the measurement period with at least one eligible encounter during the measurement period

Numerator* ?

e.g. All patients aged 12 years and older at the beginning of the measurement period with at least one eligible encounter during the measurement period

- **Denominator Exclusions*** – Provide a denominator exclusion that would remove the patient, procedure, or unit of measurement from the denominator. Enter “N/A” if not applicable. **Example:** Women who had a bilateral mastectomy or who have a history of a bilateral mastectomy or for whom there is evidence of a right and a left unilateral mastectomy.
- **Denominator Exceptions*** – Provide the denominator exception that would allow for the exercise of clinical judgement. Applied after the numerator calculation and only if the numerator conditions are not met. Enter “N/A” if not applicable. **Examples:** Medical Reason(s): Patient is in an urgent or emergent situation where time is of the essence and to delay treatment would jeopardize the patient's health status. Situations where the patient's functional capacity or motivation to improve may impact the accuracy of results of standardized depression assessment tools. **Example:** Certain court appointed cases or cases of delirium.
- **Numerator Exclusions*** – Provide a numerator exclusion that would remove the patient, procedure, or unit of measurement from the numerator, used only in ratio

Quality Payment PROGRAM

measures. Applied before the numerator calculation. Enter “N/A” if not applicable.

Example: If the number of central line blood stream infections per 1,000 catheter days were to exclude infections with a specific bacterium, that bacterium would be listed as a numerator exclusion.

Denominator Exclusions* ?

e.g. Women who had a bilateral mastectomy or who have a history of bilateral mastectomy or for whom there is evidence of a right and a left unilateral mastectomy.

Denominator Exceptions* ?

e.g. Women who had a bilateral mastectomy or who have a history of bilateral mastectomy or for whom there is evidence of a right and a left unilateral mastectomy.

Numerator Exclusions* ?

e.g. If the number of central line blood stream infections per 1000 catheter days were to exclude infections with a specific bacterium, that bacterium would be listed as a numerator exclusion.

- **Primary Data Source Used for Abstraction*** – Select all applicable primary data sources used for the QCDR measure. This may include, but is not limited to, administrative claims data, facility discharge data, chronic condition data warehouse (CCW), claims, CROWNWeb, EHR (enter relevant parts), Hybrid, Inpatient Rehabilitation Facility – Patient Assessment Instrument (IRF-PAI), Long-term Care Hospital (LTCH) CARE data set, National Healthcare Safety Network (NHSN), Outcomes and Assessment Information Set (OASIS-C1), paper medical record, Prescription Drug Event Data Elements, Patient-Reported Outcomes Measurement Information System (PROMIS), record review, Registry (enter which Registry), Survey, and/or Other (describe source).
 - If applicable, please enter additional information regarding the data source used – Provide additional information when “EHR”, “Registry” and/or “Other” is selected in the text box that appears as needed. You may list additional data sources used in addition to the primary data source. **Example:** ABC Registry.

- **Meaningful Measure Area Rationale*** – Provide a rationale for the selected “Meaningful Measure Area” for the QCDR measure. **Example:** This measure identifies patients with depression and an appropriate follow-up treatment plan.

Quality Payment PROGRAM

Meaningful Measure Area Rationale* ?

e.g. This measure identifies patients with depression and an appropriate follow-up treatment plan.

Analytics Section:

- **Measure Calculation Type*** – Indicate the calculation type of QCDR measure. If “Continuous Variable” or Ratio” is chosen, provide a defined range of scores and the topics it describes in the text box that appears. **Example:** 0-250 minutes
 - Inverse Measure – This is a measure where a lower calculated performance rate for this type of measure would indicate better clinical care or control. The “Performance Not Met” numerator option for an inverse measure is the representation of the better clinical quality or control. Submitting that numerator option will produce a performance rate that trends closer to 0%, as quality increases.
 - Proportional Measure – This is a measure where the score is derived by dividing the number of cases that meet a criterion for quality (the numerator) by the number of eligible cases within a given time frame (the denominator). The numerator cases are a subset of the denominator cases. **Example:** Percentage of eligible women with a mammogram performed in the last year.
 - Continuous Variable Measure – This is a measure where a measure score in which each individual value for the measure can fall anywhere along a continuous scale and can be aggregated using a variety of methods such as the calculation of a mean or median. **Example:** Mean time to thrombolytics which aggregates the time in minutes from a case presenting with chest pain to the time of administration of thrombolytics.
 - CMS encourages QCDRs to construct the numerators to be proportional by establishing an expected benchmark based on guidelines or national performance data. Applying MIPS scoring methodology has proven to be challenging for non-proportional measures because variability in the data points makes decile creation based on a mathematical analysis very unpredictable.
 - Ratio Measure – Indicate if the measure is a ratio measure. This is a measure where a score that may have a value of zero or greater that is derived by dividing a count of one type of data by a count of another type of data. The key to the definition of a ratio is that the numerator is not in the

Quality Payment PROGRAM

denominator. **Example:** The number of patients with central lines who develop infection divided by the number of central line days). Rates closer to 1 represent the expected outcome.

- **Number of performance rates to be calculated and submitted*** – Indicate the number of performance rates submitted for the measure.
- **Performance Rate Description(s)** – Provide a brief description for each performance rate to be calculated and submitted. This is required for a QCDR measure that has more than 1 performance rate. **Example:** This measure will be calculated with 7 performance rates:
 - Rate 1: Overall Percentage for patients (aged 5-50 years) with well-controlled asthma, without elevated risk of exacerbation
 - Rate 2: Percentage of pediatric patients (aged 5-17 years) with well-controlled asthma, without elevated risk of exacerbation
 - Rate 3: Percentage of adult patients (aged 18-50 years) with well-controlled asthma, without elevated risk of exacerbation
 - Rate 4: Asthma well-controlled (submit the most recent specified asthma control tool result) for patients (ages 5 to 17 years) with Asthma.
 - Rate 5: Asthma well-controlled (submit the most recent specified asthma control tool result) for patients (ages 18 to 50 years) with Asthma.
 - Rate 6: Patient not at elevated risk of exacerbation for patients (ages 5 to 17 years) with Asthma
 - Rate 7: Patient not at elevated risk of exacerbation for patients (ages 18 to 50 years) with Asthma

9th Performance Rate	ual clinician I
10th Performance Rate	

- **Risk-Adjusted Status*** – Indicate if the measure is risk-adjusted.
 - **If risk-adjusted, indicate which score is risk-adjusted*** – Indicate the score that is risk-adjusted for the measure. If social determinants of health are built into the risk adjustment model, please specify.
- **Is the QCDR Measure able to be abstracted?*** – Please attest the measure elements can be abstracted and are feasible. If borrowing the QCDR measure, it is expected that the ability to abstract the data according to the QCDR measure owner’s specifications is confirmed prior to self-nominating the QCDR measure. Withdrawing of the QCDR measure during an active performance period is not acceptable.
- **Disclosure: Does this measure require the use of proprietary software, devices, etc?*** - Indicate if the QCDR measure requires use of a proprietary software, device, survey, etc. that a clinician, group, or virtual group would have to purchase or pay to utilize.

Describe Link to Cost Measure/Improvement Activity* ?

e.g. Describe the link between the QCDR measure, cost measure, and an improvement activity

Clinical Recommendation Statement* ?

e.g. Adolescent Recommendation (12-18 years) "The USPSTF recommends screening for MDD in adolescents aged 12 to 18 years. Screening should be implemented with adequate systems in place to ensure accurate diagnosis, effective treatment, and appropriate follow-up (B recommendation)" (Sui, A. and USPSTF, 2016, p. 360).

Rationale for the QCDR Measure* ?

e.g. Depression is a serious medical illness associated with higher rates of chronic disease increased health care utilization, and impaired functioning (Pratt, Brody 2014). 2014 U.S. survey data indicate that 2.8 million (11.4%) adolescents aged 12 to 17 had a major depressive episode (MDE) in the past year and that 15.7 million (6.6%) adults aged 18 or older had at least one MDE in the past year, with 10.2 million adults (4.3%) having one MDE with severe impairment in the past year (Center for Behavioral Health Statistics and Quality, 2015).

Provide measure performance data (# months data collected, average performance rate, performance range, and number of clinicians or groups)* ?

e.g. 12 months, Average performance rate 75%, range 52-89%, 112 Clinicians submitting data

- **Can the measure be benchmarked against the previous performance period data?** Enter "Yes" or "No" to indicate if the benchmark from prior years is able to be used for comparison. If this is an existing measure, an answer is required.
- **If applicable, please provide details why the previous benchmark can or cannot be used.** Provide details regarding why the previous benchmark can or cannot be used in response to the changes to the existing measure. **Example:** The improvement addition to the numerator will make this measure an Outcome measure and therefore cannot be compared to the measure from last year.
- **If applicable, provide the study citation to support performance gap for the measure** – Provide the study citation for the measure to support the performance gap. Citations should be the most current available or within 5 years. **Example:** Negative outcomes associated with depression make it crucial to screen in order to identify and treat depression in its early stages. While Primary Care Providers (PCPs) serve as the first line of defense in the detection of depression, studies show that PCPs fail to recognize up to 50% of depressed patients (Borner, 2010, p. 948)
- **If applicable, provide a Participation Plan if QCDR measure has low adoption by clinicians** – If a QCDR measure fails to meet benchmarking thresholds for 2 consecutive performance periods (i.e., the data submitted is insufficient in meeting the case minimum and volume thresholds required for benchmarking), the QCDR may submit a participation plan for CMS consideration if it is believed that the measure is important and relevant to a specialist's practice.
 - **Participation Plan requirements:**

Quality Payment PROGRAM

- Detailed plan and methods to encourage eligible clinicians and groups to increase QCDR measure adoption.
- **Example:** A QCDR measure participation plan could include one or more of the following:
 - Development of an education and communication plan
 - Update the QCDR measure's specification with changes to encourage broader participation
 - Require reporting on the QCDR measure as a condition of reporting through the QCDR

Can the measure be benchmarked against the previous performance period data? (Optional) ?

☐ Yes ☐ No

If applicable, please provide details why the previous benchmark can or cannot be used. (Optional) ?

e.g. The improvement addition to the numerator will make this measure an Outcome measure and therefore cannot be compared to the measure from last year.

If applicable, provide the study citation to support performance gap for the measure (Optional) ?

e.g. Negative outcomes associated with depression make it crucial to screen in order to identify and treat depression in its early stages. While Primary Care Providers (PCPs) serve as the first line of defense in the detection of depression, studies show that PCPs fail to recognize up to 50% of depressed patients (Borner, 2010, p. 948)

If applicable, provide a Participation Plan if QCDR measure has low adoption by clinicians (Optional) ?

e.g. Negative outcomes associated with depression make it crucial to screen in order to identify and treat depression in its early stages. While Primary Care Providers (PCPs) serve as the first line of defense in the detection of depression, studies show that PCPs fail to recognize up to 50% of depressed patients (Borner, 2010, p. 948)

QCDR Measure Permission Checklist

If a QCDR has been granted permission to use a QCDR measure owned by another active and approved QCDR, the permission must be obtained prior to self-nominating the borrowed QCDR measure for each MIPS performance period. **It is expected that the ability to abstract the data according to the QCDR measure owner's specifications is a condition of self-nominating the QCDR measure. Withdrawal of a QCDR measure mid-performance period is not acceptable and may lead to remedial action, up to and including termination.** The following is a QCDR measure permission checklist:

- Identify the QCDR measure(s) your QCDR will request for permission to use.
- Contact the QCDR measure owner to request permission to use their QCDR measure(s).
- The QCDR Qualified Posting and QCDR Measure Specifications located on the [CMS QPP Resource Library](#) page may be used to identify the appropriate point of contact.
- Obtain written permission from the QCDR measure owner to use their QCDR measure(s).
- Upload the documentation at the time of self-nomination for CMS reference. Please use the "Documentation of Approval from other QCDR" section to upload your supporting documentation.
 - **Note:** CMS does not provide agreement templates and defers to the QCDRs to the appropriate content included in such an agreement.

Submission of the Self-Nomination Form

1. Once the required fields of all tabs are completed, the self-nomination status will update to “Draft Complete.” **Please note**, you will not be able to successfully submit a Self-Nomination form unless all the required fields, marked with a red asterisk (*), of all tabs have been populated.
2. Once the form is filled out and all edits are finalized, you will need to click on the “Submit For Review” button to save the entire Self-Nomination form and complete the submission process. The “Submit For Review” button is located at the bottom of the left-side of the page under the Self-Nomination form tabs or on the self-nomination landing page.

3. You will receive a confirmation email with your self-nomination number. Please save the email for future reference.
4. It is suggested that you export a copy of your approved Self-Nomination form for your records.
5. Add 'Watchers' to monitor the status of your Self-Nomination form. This feature allows entities to create a list of users who should receive email notification when comments are added.

Modifying a Self-Nomination Form

To review or modify your Self-Nomination form, click “EDIT” on the self-nomination landing page. **As a reminder, you will not be able to modify your submission after 8 p.m. ET on September 1, 2021.**

If you have any questions about the 2022 QPP Self-Nomination form, please contact the QPP Service Center at 1-866-288-8292 or by email at: QPP@cms.hhs.gov, Monday through Friday from 8 a.m. to 8 p.m. ET. To receive assistance more quickly, please consider calling during non-peak hours, before 10 a.m. and after 2 p.m. ET. Customers who are hearing impaired can dial 711 to be connected to a TRS Communications Assistant.

Withdrawing a Self-Nomination Form

If you wish to withdraw a Self-Nomination form that has already been submitted, click on the “**Withdraw**” button - withdrawing the entire Self-Nomination form from consideration to participate in MIPS as a prospective QCDR or Qualified Registry. The “Withdraw” option can be found on the Self-Nomination page or within the Self-Nomination form.

How to View/Add Comment

Please periodically monitor for comments posted, as there are instances where email notifications are delayed or blocked by your email.

1. Click on 'View/Add Comments' to view, respond, or add a comment.

2. Click 'Add Comment.'

ADD COMMENT

3. Please make sure to indicate the correct subject in the 'Select Subject' dropdown that coordinates with the topic. For example, if you are submitting/responding to a comment on your Self-Nomination form choose the 'Self-Nomination' category from the 'Select Subject' dropdown.

A screenshot of the 'Add Comment' form. The title 'Add Comment' is at the top. Below it is a 'Select Subject' dropdown menu. The dropdown is open, showing three options: 'General', 'Self-Nomination' (which is circled in red), and 'Qualified Posting'. Below the dropdown is an 'ATTACH FILES' button. At the bottom of the form, there is a 'Manage Watchers (5)' link, a checkbox for 'Internal Only', and 'CANCEL' and 'SEND' buttons.

4. When ready to submit your comment, click 'Send.'

Resources

Help with Self-Nomination

- Refer to the 2022 QCDDR Fact Sheet and 2022 Qualified Registry Fact Sheet located in the [QPP Resource Library](#) page. In addition, lists with the criteria used to audit and validate data submitted in each of the MIPS performance categories will be available on the website.
- For assistance with completing the Self-Nomination form, the comment box may be used to ask questions about populating form fields or submitting additional information. Refer to "[Comments](#)" section of the User Guide for additional information.
- For additional assistance regarding self-nomination criteria, contact the QPP at 1-866-288-8292 or by email at: QPP@cms.hhs.gov, Monday through Friday from 8 a.m. to 8 p.m. ET. To receive assistance more quickly, please consider calling during non-peak hours, before 10 a.m. and after 2 p.m. ET. Customers who are hearing impaired can dial 711 to be connected to a TRS Communications Assistant. **To avoid security violations, do not**

Quality Payment PROGRAM

include personal identifying information or Protected Health Information (PHI), such as Social Security Number or TIN, in email inquiries to the QPP.

Help with QCDR Measure Development

- [Blueprint for the CMS Measures Management System](#) - Provides a standardized system for developing and maintaining the quality measures used in CMS's various quality initiatives and programs. The primary goal is to provide guidance to measure developers to help them produce high-caliber healthcare quality measures and documents the core set of business processes and decisions criteria when developing, implementing, and maintaining measures.
- [Measure Development Plan](#) - Is a focused framework to help CMS build and improve quality measures that MIPS eligible clinicians, groups, virtual groups, APM Entities, voluntary participants, and/or opt-in participants could report under the MIPS and as participants in APM Entities (collectively known as the QPP).
- [QCDR Measure Development Handbook](#) - Provides guidance and suggestions to QCDR measure developers on QCDR measure structure, analytics, and types. As well as a QCDR measure development checklist, resources for QCDR measure development and definitions used by CMS to communicate QCDR measure review decisions. The QCDR measure development handbook may be found in the Self-Nomination "Resources."
