- Performance Year 2017-2020 resources in the [Resource Library](#).

- Detailed eligibility information, including Alternative Payment Models (APM) Participant Lists for performance years 2017-2020 (currently accessible in the "Eligibility & Reporting" tab when you sign in to the [QPP website](#)).

The following webpages, resources, and reports won't be archived and will remain publicly accessible:

- QPP Notice of Proposed Rulemaking and Final Rules for Calendar Years 2017 – 2020 will continue to be accessible on the [Federal Register](#).
- Performance Year 2017-2020 Experience Reports and links to the Public Use Files (PUFs) will be available on the [QPP Overview webpage](#).
- Performance Year 2017-2020 Payment Adjustment reports will continue to be available; these will be accessible in "Reports" when you sign in to the [QPP website](#).
  - This includes all of the clinicians in your practice, virtual group, or APM Entity for a given performance year, along with their associated final scores and Merit-based Incentive Payment System (MIPS) payment adjustment factors.

### Why Are We Archiving?

We're retiring webpages, resources, webinars, and reports from performance years 2017-2020 to be in alignment with best practices in information technology data storage and reduced security risk by having less data publicly available. The information being archived is no longer applicable since the payment year associated with the 2020 performance year ended December 31, 2022. Additionally, these updates will improve user experience; removing outdated materials will allow users to more easily find current, applicable information.
