### **How to Use This Guide**

Please Note: This guide was prepared for informational purposes only and isn't intended to grant rights or impose obligations. The information provided is only intended to be a general summary. It isn't intended to take the place of the written law, including the regulations. We encourage readers to review the specific statutes, regulations, and other interpretive materials for a full and accurate statement of their contents.

## **Table of Contents**

The Table of Contents is interactive. Click on a Chapter in the Table of Contents to read that section.

You can also click on the icon on the bottom left to go back to the table of contents.

## **Hyperlinks**

Hyperlinks to the <u>Quality Payment Program website</u> are included throughout the guide to direct the reader to more information and resources.

#### **UPDATED 03/15/2024**

As announced through the Quality Payment Program (QPP) listserv, the Centers for Medicare & Medicaid Services (CMS) **has extended** the data submission period for the Merit-based Incentive Payment System (MIPS) eligible clinicians who participated in the 2023 performance year. Data can be submitted and updated until **8 p.m. ET on April 15, 2024.** 

### **Changes to 2023 Submission Experience**

For the last several years, we've provided clinicians and their representatives with preliminary scoring information during the submission period and preliminary feedback. This has meant seeing an overall preliminary score as well as preliminary, weighted category-level scores. While we recognize that this has provided some measure of comfort in understanding how you're progressing towards the performance threshold, it's important to remember that the preliminary scoring information you've seen in prior years during submission and preliminary feedback has never been your final score and shouldn't be interpreted that way. Final scores have always differed from the preliminary scoring available during submission and preliminary feedback. The increasing volume of scoring information that can change after the submission period has made this information too unreliable. As a result, we're eliminating the Preliminary Score and preliminary category level scores from submission beginning with data submission for the 2023 performance year. We wanted to introduce this change in a year where there's stability with the performance threshold; the performance threshold for the 2023 performance year is 75 points, just as it was in the 2022 performance year.

#### What should we expect during submission?

When you sign into the QPP website during the submission period, you'll continue to see much of the same information you've always seen:

- Measure-level scores for the quality measures you've submitted to date, and a sub-total of points earned for these measures.
- Activity-level scores for the improvement activities you've submitted to date, and a sub-total of points earned for these activities.
- Measure-level scores for the Promoting Interoperability measures you've submitted to date, and a sub-total of points earned for these measures.
- The number of objectives you've reported completely for the Promoting Interoperability performance category.
- An indicator of any performance categories that will be reweighted (if applicable).

#### When will our 2023 final score be available?

You'll be able to preview your 2023 final score in mid-June 2024 and view your 2025 MIPS payment adjustment information in mid-August 2024. This is the same timeline as the 2021 and 2022 performance years.

### **Before You Begin**

### **IMPORTANT**

The APP is an optional MIPS reporting and scoring pathway for MIPS APM participants; however, it is required for all Medicare Shared Savings Program (Shared Savings Program) Accountable Care Organizations (ACOs).

The APP is only available to MIPS eligible clinicians in a MIPS APM.

If your group includes MIPS eligible clinicians who don't participate in a MIPS APM, these clinicians aren't eligible to receive the final score and payment adjustment from the group's APP reporting.

- For these groups, reporting the APP will trigger a final score in traditional MIPS for the clinicians who don't participate in a MIPS APM even if no traditional MIPS data are submitted.
- These clinicians including those who are only eligible at the group level WILL receive a MIPS payment adjustment.
- These groups will also need to report traditional MIPS on behalf of these clinicians to avoid a negative payment adjustment.

**Note:** This guide doesn't review CMS Web Interface submissions. If you're a Shared Savings Program ACO reporting the APP quality measures via the CMS Web Interface, please review the <u>2023 CMS Web Interface User Guide (PDF, 4MB)</u>

## **Before You Begin**

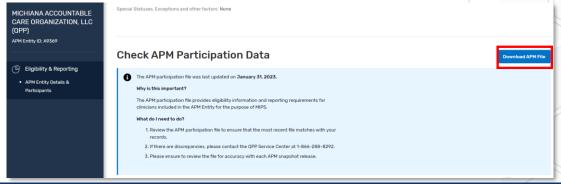

APM Entities <u>including Shared Savings Program ACOs</u> need to understand which clinicians in the APM Entity aren't eligible for the Entity's final score under the APP, and communicate this to their participating practices (e.g., <u>ACO Participant TINs</u>).

#### Step 1. Verify if any clinicians in the APM Entity are ineligible for the APP final score.

- a) Sign into the QPP website.
- b) Click **Eligibility & Reporting** from the left-hand navigation.
- c) Find your APM Entity.
- d) Click View APM entity details & participant eligibility (below the Start Reporting button).

e) Click **Download APM File** 

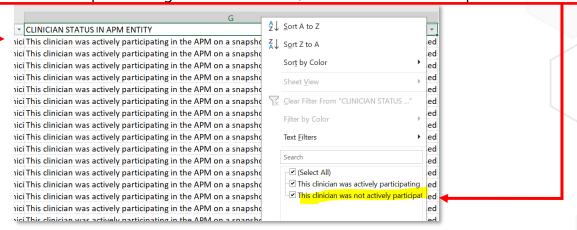

### **Before You Begin**

### **IMPORTANT**

#### Step 1. Verify if any clinicians in the APM Entity are ineligible for the APP final score. (continued)

- f) Add filters to the header row.
- g) Click the filter of the **Clinician Status in APM Entity** column.
- h) If you see the following message as an available value, then the associated clinicians aren't eligible for the APP final score.
  - o "This clinician was not actively participating in the APM Entity on any snapshot date. This clinician is not eligible to report via the APP and will not be included in QP determinations. This clinician must report through traditional MIPS, unless otherwise exempt."

If there are any clinicians identified in Step 1h, please communicate this information to your participants (e.g., ACO Participant TINs) – see steps 2 and 3.

Why? Because they don't have access to this information.

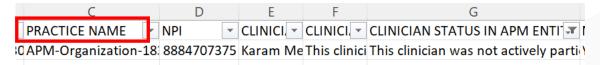

## **Before You Begin**

### **IMPORTANT**

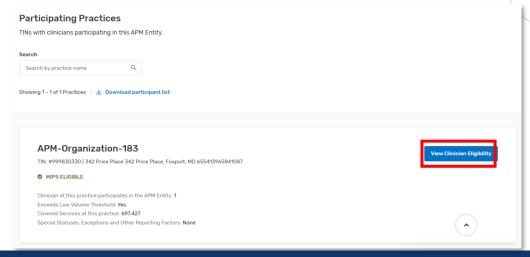

# Step 2. Verify which participating practices include clinicians who are ineligible for the Entity's APP final score.

- a) Filter your list from step 1 by **Clinician Status in APM Entity** to only show those clinicians weren't actively participating in the APM Entity on any snapshot date.
- b) Note the **Practice Name(s)** associated with each affected clinician.

#### Step 3. Download reports for each affected practice identified in step 2b.

- a) From the APM Entity Details & Participants page, scroll down beneath "Participating Practices" to find the first affected practice.
- b) Click View Clinician Eligibility next to the practice's name.

## **Before You Begin**

c) Click **Download clinician list** beneath "Participating Clinicians".

Participating Clinicians at APM-Organization-183

The following is a list of all clinicians in this practice who participate in MICHIANA

Search

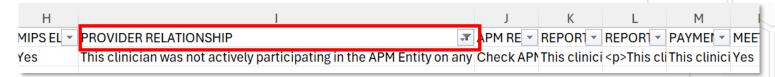

Search By test name

Q

Showing 1 - 10 of 136 Clinicians

< Back to Participating Practices

- d) Add filters to the header row.
- e) Click the filter of the **Provider Relationship** column.
- f) If you see the following message as an available value, then the associated clinicians aren't eligible for the APP final score.
  - "This clinician was not actively participating in the APM Entity on any snapshot date. This clinician is not eligible to report via the APP and will not be included in QP determinations. This clinician must report through traditional MIPS, unless otherwise exempt."

- g) Share the file and information with a representative from the affected practice.
- h) Repeat steps 3a-g for each affected practice.

### **Accessing the System**

To <u>sign in to the QPP website</u> and submit Performance Year 2023 data and/or view data submitted on your behalf, you need:

- An account (user ID and password)
- Access to an organization (a role)

If you don't already have an account or access, review the documentation listed below in the <u>QPP Access User Guide (ZIP, 4MB)</u> so you can sign in to submit, or view, data.

If you're working with a third party intermediary, make sure you sign in during the submission period to review data submitted on your behalf.

You **can't** submit new or corrected data after the submission period closes.

Resource in the Quality Payment Program Access User Guide	Description	
	Information about the process for Shared Savings Program ACOs to get an account and role.	
Shared Savings Program ACOs_ACO-MS User Access	Representatives of Shared Savings Program ACOs who are the ACO's QPP Security Official or QPP Staff User contact in the <u>ACO Management System (ACO-MS)</u> can sign in to the QPP website using their ACO-MS username and password.	
QPP Access briefly	An overview of the steps needed to access your organization on the QPP website.	
Step 1. Register for a HARP Account	Step-by-step instructions and screenshots for creating a HARP account (completed on the HARP website).	
Step 2a. Connect to an Organization	Step-by-step instructions and screenshots for requesting a role for your organization (completed on the QPP website).	

#### **Before You Begin**

Make sure you are using the most recent version of your browser:

- Chrome
- Edge

**Note:** Internet Explorer, Safari, and Firefox aren't fully supported by QPP.

### Sign in to the QPP Website

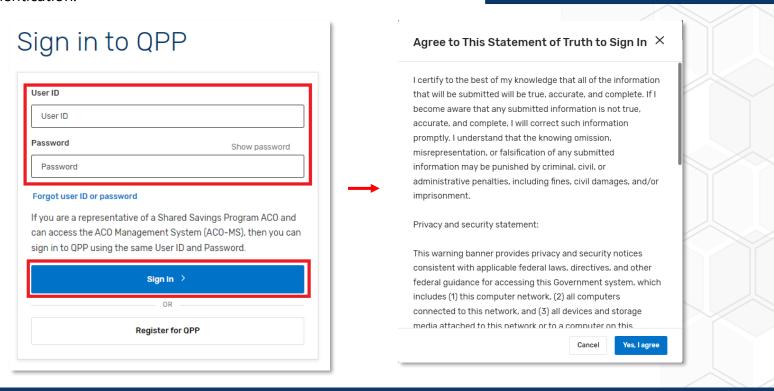

Go to the QPP website and click Sign In on the upper right-hand corner.

- Enter your User ID and Password, and click **Sign In**.
- Check **Yes, I agree** next to the Statement of Truth.

Then, you will be prompted to provide a **security code** from your two-factor authentication.

#### **DISCLAIMER:**

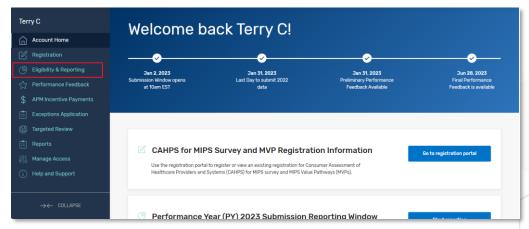

All screenshots include fictitious patients and organizations. Screenshots were captured from a test environment, so there may be slight variations between the screenshots included in this guide (including dates) and the user interface in the production system

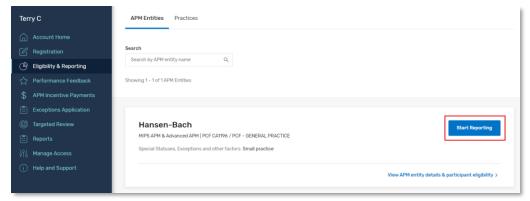

### **Sign In to the QPP Website** (Continued)

Once signed in, you can click the **Start Reporting** button on the right side of the page, or **Eligibility & Reporting** from the left-hand navigation.

#### **APM Entities**

From the Eligibility & Reporting page, click Start Reporting

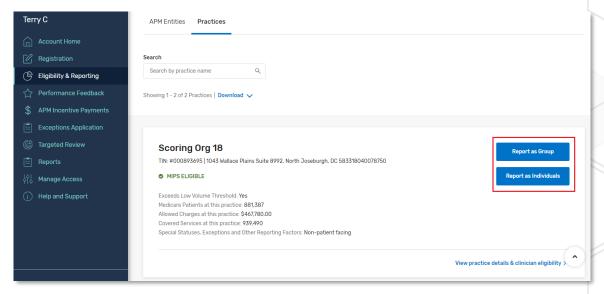

### **Sign In to the QPP Website** (Continued)

#### **Practices**

From the **Eligibility & Reporting** page, you'll need to indicate whether you're reporting as a group or as individuals.

#### **Opt-in Eligible Clinicians and Groups**

Opt-in eligible clinicians and groups who wish to report via the APP and receive a MIPS payment adjustment will be prompted to complete an opt-in election before they can submit data. You can't voluntarily report the APP. For more information, review the 2023 Opt-In Election User Guide (PDF 1MB).

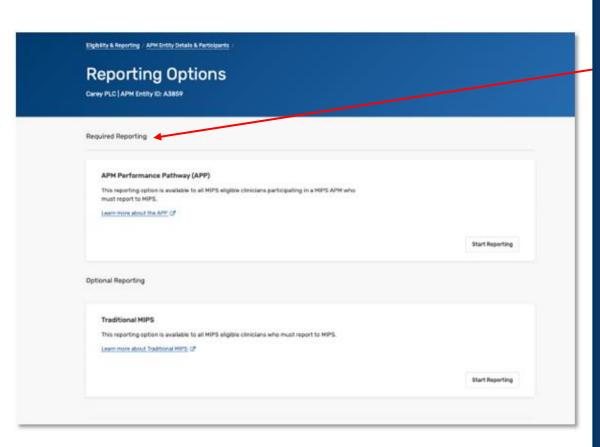

## **Reporting Option Selection**

### **Reporting Option Selection**

From the Reporting Options page, select Start Reporting below APM Performance Pathway (APP)

This page will identify your required and optional reporting.

**Shared Savings Program ACOs** are required to report the APP quality measure set as part of their participation in the Shared Savings Program.

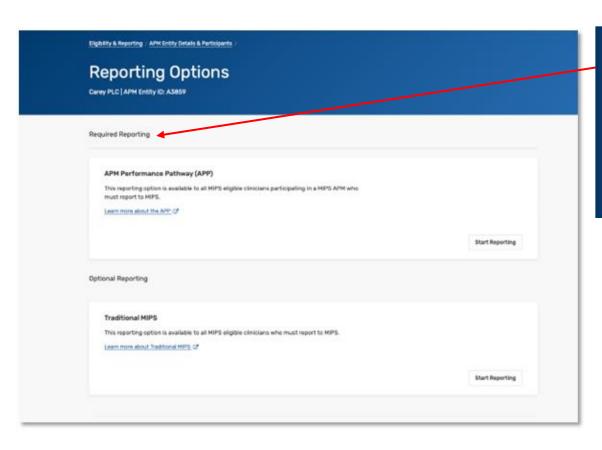

- Participant TINs in these ACOs (and any individual or group reporting the APP) can select either APP or traditional MIPS when reporting Promoting Interoperability data on behalf of their MIPS eligible clinicians at the individual or group level.
- However, selecting traditional MIPS to report your Promoting Interoperability data will maximize the group's traditional MIPS final score for any clinician who isn't eligible for the APP final score.

## **Reporting Option Selection**

### **Reporting Option Selection**

From the Reporting Options page, select Start Reporting below APM Performance Pathway (APP)

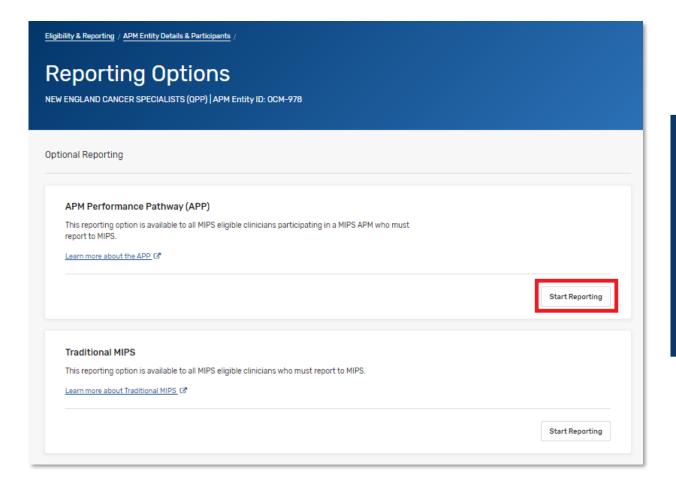

APM Entities participating in the **Primary Care First** models will see their modelspecific reporting listed as required.

Other than Shared Savings Program ACOs, APP reporting is optional for APM Entities, groups, and individual clinicians participating in MIPS APMs.

## **Reporting Option Selection**

### **Reporting Option Selection** (Continued)

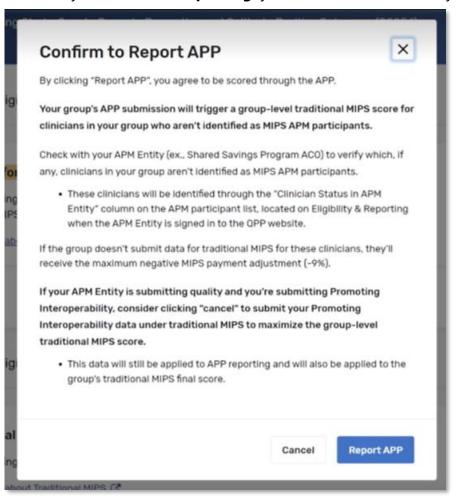

Reminder: The APP is only available to MIPS eligible clinicians in a MIPS APM.

If your group includes MIPS eligible clinicians who don't participate in a MIPS APM, these clinicians aren't eligible to receive the final score and payment adjustment from the group's APP reporting.

### **Reporting Option Selection** (Continued)

Once you click **Start Reporting**, you'll be asked to confirm your choice.

Once you select Report APP, you will receive a final score under the APP even if no additional data are reported.

Under the APP, APM Entities, groups and individuals automatically receive full credit in the improvement activities performance category which will trigger a MIPS final score and associated MIPS payment adjustment even if no quality or Promoting Interoperability data are submitted.

If you later decide you don't want to report the APP, you can <u>cancel this selection</u>.

### **Reporting Overview**

After confirming that you want to report the APP, you'll be directed to the Reporting Overview page where you can:

- Upload a file with your quality and/or Promoting Interoperability data
- Access the CMS Web Interface (Shared Savings Program ACOs only)
- Cancel your APP reporting selection
- Access the quality and Promoting Interoperability category pages
- Review information about the Complex Patient Bonus points you may qualify for (these bonus points aren't available during submission)

<u>Did you know?</u> Your file must include the appropriate program name to be counted towards the APP:

When submitting a QPP JSON file, "programName" = "app1"

When submitting a QRDA III file, CMS Program Name =

- "MIPS\_APP1\_APMENTITY" if you're reporting the APP at the APM Entity level (such as a Shared Savings Program ACO)
- "MIPS\_APP1\_GROUP" if you're reporting the APP at the group level
- "MIPS\_APP1\_INDIV" if you're reporting the APP at the individual level

# Quality Payment

#### **Additional Bonus Points**

#### Additional Awarded Bonus Points

N/A

#### Complex Patient Bonus:

The Complex Patient Bonus is based on the level of complexity and risk of a clinician's or practice's patient population seen during the 2022 calendar year.

#### Quality Improvement Bonus:

If you were eligible for the previous performance year and made an eligible Quality submission, you may be eligible for an additional bonus. Once Feedback is available, this will be included as part of your Quality Score.

Search the Resource Library for more information. [3]

#### **REMINDER:**

Complex patient bonus points and quality improvement scoring aren't available during submission.

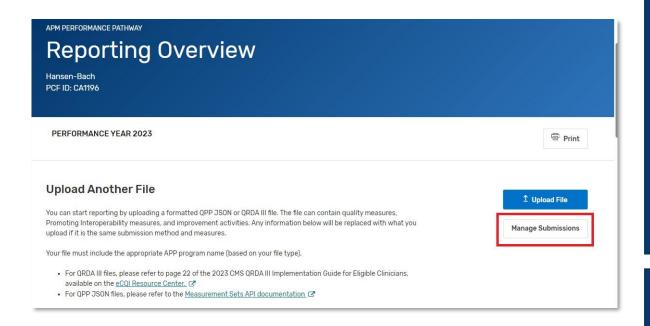

If applicable, this information will be added to performance feedback, available in Summer 2024.

### **Cancel Your APP Reporting Selection**

If you've already confirmed that you wish to be scored under the APP and later decide that you don't want to report the APP, you can cancel your selection.

From the Reporting Overview page, click Manage Submission.

#### **IMPORTANT:**

If you don't cancel your selection, you will receive a MIPS final score of 20 out of 100 points based on your automatic credit in the improvement activities, resulting in a negative payment adjustment for your MIPS eligible clinicians.

Submissions can be cancelled up until the submission deadline 8p.m. ET on April 15, 2024.

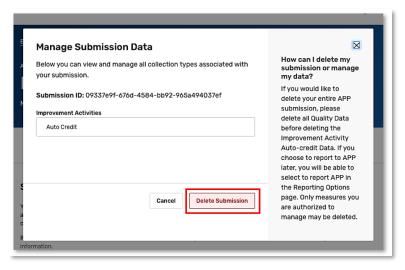

#### NOTE:

If a Shared Savings Program ACO doesn't report under the APP, they will fail the Shared Savings Program quality standard.

### **Cancel Your APP Reporting Selection** (Continued)

In the Manage Submission modal, you'll see automatic improvement activities credit and the option to Delete Submission. Click **Delete Submission** to cancel your APP reporting selection. You can also **Cancel** to return to APP reporting.

Once you've deleted your submission, you'll return to the **Reporting Options** page. If you decide later that you'd like to report the APP, you can click **Start Reporting** from this page.

### **Submitting and Reviewing Quality Data**

As a reminder, when reporting the APP as an APM Entity, such as a Shared Savings Program ACO, quality data is reported by the APM Entity.

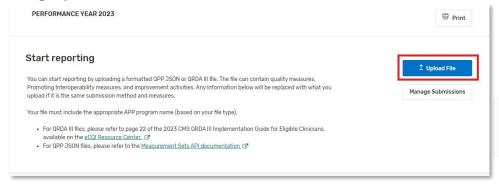

- Reporting APP measures as eCQMs/MIPS CQMs
  - If you're a Shared Savings Program ACO reporting the APP measures as eCQMs/MIPS CQMs, please review the Medicare Shared Savings Program: Reporting MIPS CQMs and eCQMs in the Alternative Payment Model Pathway (quidance document) (PDF, 886KB).
- <u>Reporting APP measures through Medicare Part B claims</u> (Option not for available for Shared Savings Program ACOs)
- Reviewing Previously Submitted Quality Data
- Frequently Asked Questions

This guide doesn't review CMS Web Interface submissions. If you're a Shared Savings Program ACO reporting the APP quality measures via the CMS Web Interface, please review the 2023 CMS Web Interface User Guide (PDF, 4MB).

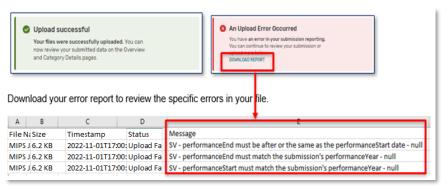

### Reporting APP measures as eCQMs/MIPS CQMs

You can upload your QPP JSON or QRDA III file with your eCQMs and/or MIPS CQMs directly from the **Reporting Overview** page by clicking **Upload File**.

Once you've uploaded your file, you will see an indicator of success or error.

Skip ahead to the <u>Quality Page</u> section for more information about the details provided after quality data has been submitted.

### Reporting APP measures as eCQMs/MIPS CQMs

#### **Troubleshooting**

If you or a third party successfully uploaded a file with your quality data, but you don't see it reflected on the APP Reporting Overview page, the file probably didn't include the APP program name.

Your file <u>must</u> include the correct program name to be counted towards APP reporting.

You may need to reach out to your EHR vendor or third party intermediary for assistance with verifying the program name included in your file and updating (or adding) it as needed.

#### **PROGRAM NAMES**

When submitting a **QPP JSON** file, "programName" = "app1"

Refer to the QPP Submission MeasurementSets API documentation for more information.

When submitting a **QRDA III** file, "CMS Program Name" =

- "MIPS\_APP1\_APMENTITY" if you're reporting the APP at the APM Entity level (such as a Shared Savings Program ACO)
- "MIPS\_APP1\_GROUP" if you're reporting the APP at the group level
- "MIPS\_APP1\_INDIV" if you're reporting the APP at the individual level

Refer to p. 21 of the 2023 CMS QRDA III Implementation Guide for Eligible Clinicians and Eligible Professionals (accessible from <a href="mailto:this page">this page</a> of the eCQI Resource Center) for more information.

### **Reporting APP measures through Medicare Part B claims**

APM Entities, groups and individual clinicians with the small practice designation have the option of reporting the 3 required APP measures through Medicare Part B claims. We anticipate these measures will be available and displayed on the Quality page by mid-January 2023. Note: This option not for available for Shared Savings Program ACOs

### **Review Previously Submitted Data**

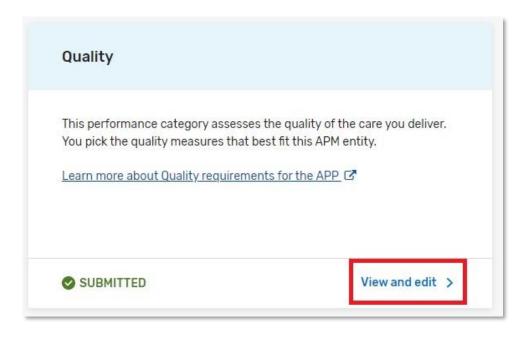

To review eCQM/MIPS CQM data submitted on your behalf by another member of your organization or a third party intermediary, navigate to the Eligibility & Reporting page, click Start Reporting to get to the Reporting Options page. If data has been submitted, you'll see the option to Edit Submission.

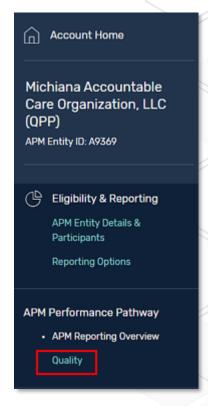

### **Review Previously Submitted Data** (Continued)

Click **Edit Submission** to get to the Reporting Overview page. To see the details of the measure data reported on your behalf, click **View & Edit** on the quality card, or click **Quality** in the left-hand navigation.

### **Quality Page**

From the **Quality** page, you can view preliminary performance and scoring information for each measure submitted.

ubmitted Measures  feasures that count toward Quality Performance Score			
our Measure Score includes both performance points and bonus points.			
Measure Name Expand All	Performance Rate	Measure Score	
Preventive Care and Screening: Screening for Depression and Follow-Up Plan  Measure ID: 134	100.00%	10.00	•
Controlling High Blood Pressure Measure ID: 236	90.00%	10.00	v
Diabetes: Hemoglobin A1c (HbA1c) Poor Control (>9%) Measure ID: 001	25.00%	8.50	v
	Sub-Tot	al: <b>28.50</b>	

#### **IMPORTANT**

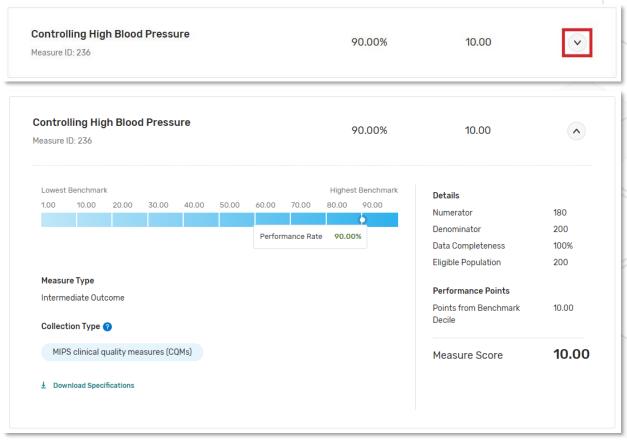

Please note that you can only access measure level scores for the 3 APP measures (Quality IDs 001, 134, and 236) that are submitted during the submission period.

Once performance feedback is available in Summer 2024, your quality score will be updated to reflect achievement points earned for the administrative claims measures and CAHPS for MIPS Survey measure.

### **Quality Page** (Continued)

Click the caret (">") to the right of the measure score to expand the measure details and access more performance information.

### **Frequently Asked Questions**

# What happens if a Shared Savings Program ACO reports both the 10 CMS Web Interface measures and the 3 eCQMs/MIPS CQMs?

• If an ACO reports both APP measure sets, we'll use whichever measure set results in a higher score when calculating your quality performance category score – either the 10 CMS Web Interface measures OR the 3 eCQMs/MIPS CQMs.

#### Do Participant TINs in a Shared Savings Program ACO need to report the APP quality measures?

• No, the APP quality measures will be reported by the ACO (i.e. at the APM/ACO entity level). As a reminder, Participant TINs won't see any quality measure data or scores reported by the ACO if/when they sign in to report Promoting Interoperability data on behalf of their MIPS eligible clinicians.

#### When will administrative claims measures and CAHPS for MIPS Survey measure results be available?

• This information will be included as part of your performance feedback that will be available in Summer 2024.

#### What happens if we submit the same quality measure through multiple collection types?

- We'll only include achievement points from one collection type for a single measure in your quality performance category score.
- Let's review an example:
  - o You report the controlling high blood pressure measure (Quality ID 236) as an eCQM and MIPS CQM.
  - o You earn 6.1 achievement points for the measure through the eCQM collection type.
  - o You earn 7.5 achievements points for the measure through the MIPS CQM collection type.
- The MIPS CQM version of measure 236 will be counted towards your quality performance category score because it resulted in more achievement points.
- The eCQM version of the measure won't contribute to your quality performance category score.

## **Submitting and Reviewing Promoting Interoperability Data**

When reporting the APP as an APM Entity, such as a Shared Savings Program ACO, Promoting Interoperability data can be submitted at the individual, group or APM Entity level.

- File Upload
- Manual Entry (Attestation)
- Reviewing Previously Submitted Data

If data is submitted by the APM Entity, we'll use that data to score the Promoting Interoperability performance category, regardless of data submitted at the individual or group level.

## **File Upload**

You can upload a QRDA III or QPP JSON file with your Promoting Interoperability data on the <u>Reporting Overview</u> page.

**<u>Did you know?</u>** Your file must include the appropriate program name to be counted towards the APP:

When submitting a QPP JSON file, "programName" = "app1"

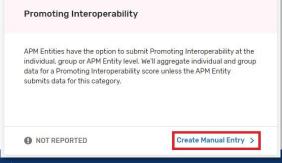

When submitting a QRDA III file, CMS Program Name =

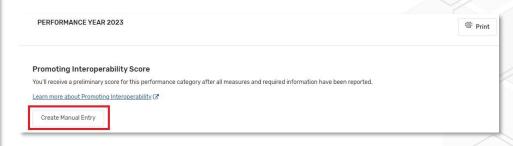

- "MIPS\_APP1\_APMENTITY" if you're reporting the APP at the APM Entity level (such as a Shared Savings Program ACO)
- "MIPS\_APP1\_GROUP" if you're reporting the APP at the group level
- "MIPS\_APP1\_INDIV" if you're reporting the APP at the individual level

## **Manual Entry (Attestation)**

You can also attest to your Promoting Interoperability data by manually entering numerators, denominators, and yes/no values as appropriate to the measure.

Click Create Manual Entry on the Reporting Overview, and then again on the Promoting Interoperability page.

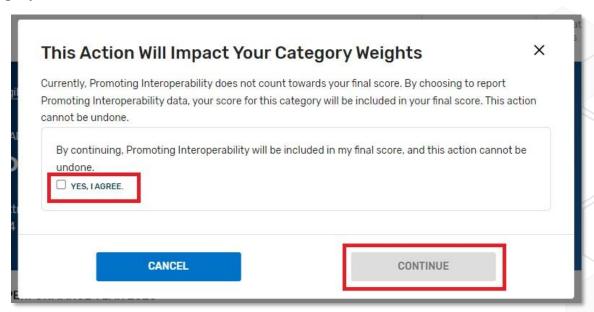

### Manual Entry (Attestation) (Continued)

If your Promoting Interoperability performance category is currently weighted at 0%, you will be prompted to confirm that you wish to proceed (click **Yes, I Agree** then **Continue**).

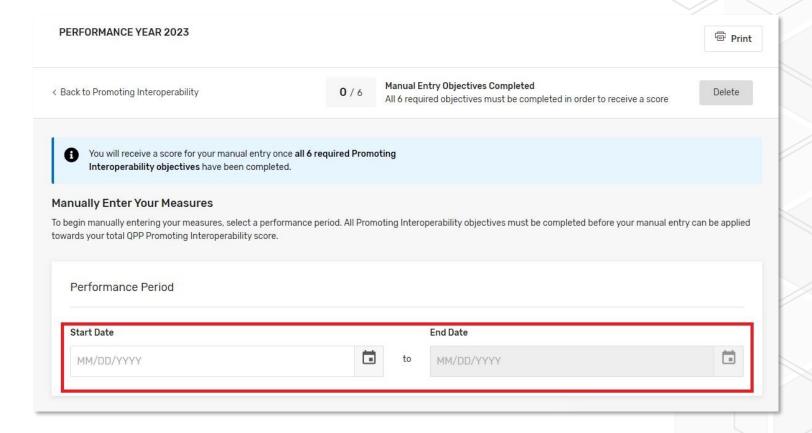

If you click **Continue** and enter any data, **including performance period dates**, you will be scored in this performance category.

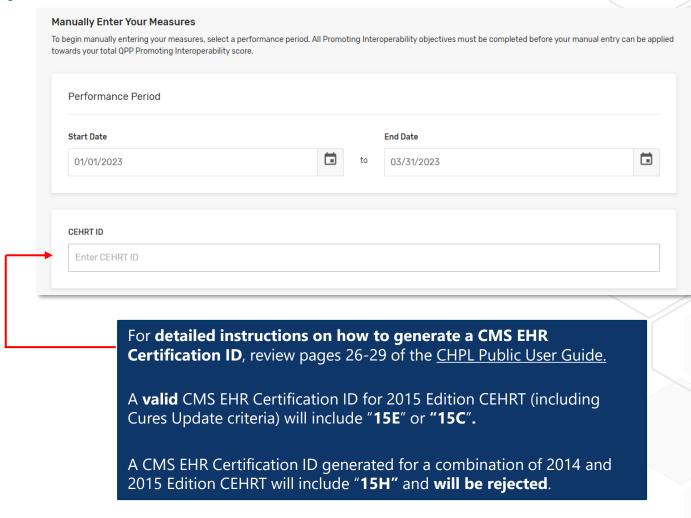

As you provide required information on the Manual Entry page, more fields will appear. For example, once you enter your performance period, the CEHRT ID field will appear. You must provide all required information (including measure data) before you can receive a preliminary score for this performance category.

### **Enter Your Performance period**

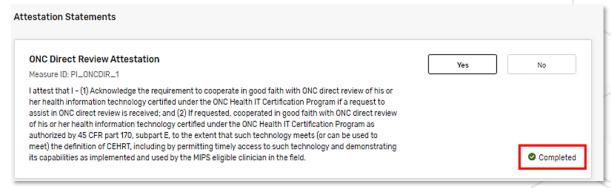

## **Enter your CMS EHR Certification ID ("CEHRT ID")**

## **Complete Required Attestation Statements and Measures**

You must select **Yes** for the 3 required attestations before you can begin entering your measure data. As you move through the required information, you will see an indicator as each requirement is **completed.** 

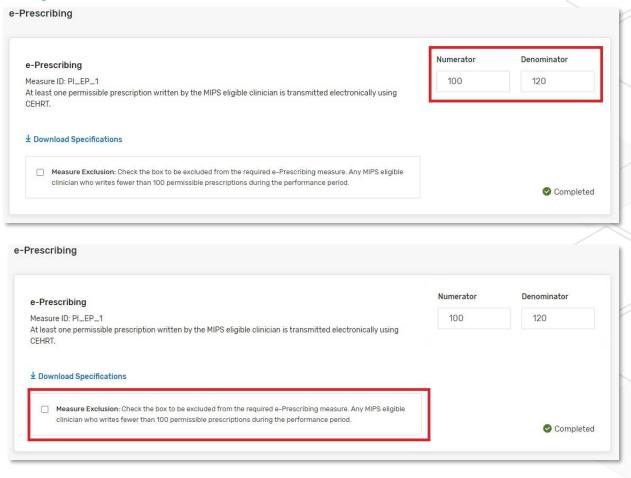

To manually report a measure, you will need to either select **Yes** or enter the **numerator/denominator** value, according to the measure. You can also claim an exclusion if you qualify.

## **Complete Required Attestation Statements and Measures** (Continued)

### **Health Information Exchange Objective**

There are 3 options for meeting the Health Information Exchange (HIE) objective:

#### Option 1:

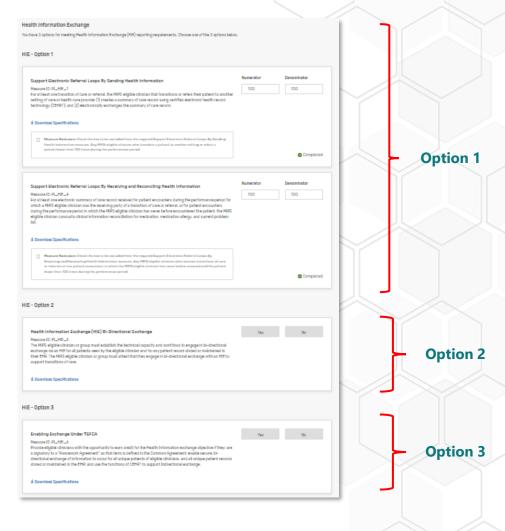

- Support Electronic Referral Loops by Sending Health Information
- Support Electronic Referral Loops by Receiving and Reconciling Health Information

#### Option 2:

 Health Information Exchange: Bi-Directional Exchange

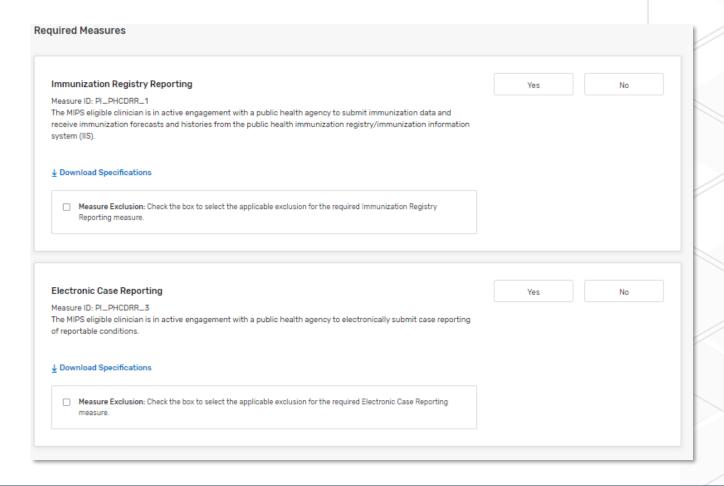

#### Option 3:

Enabling Exchange Under TEFCA

## **Public Health and Clinical Data Exchange Objective**

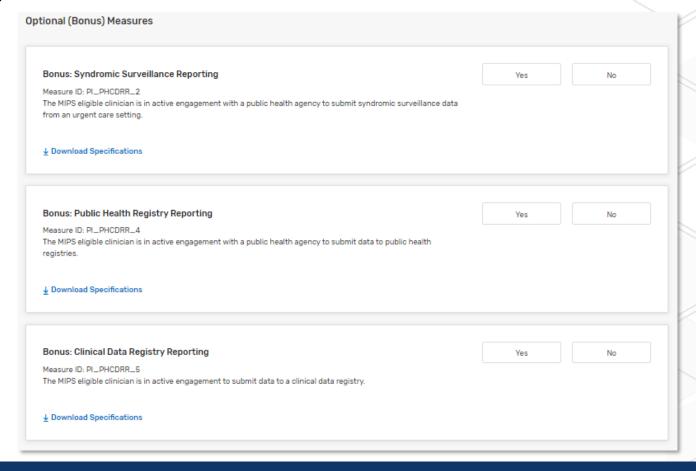

There are 2 required measures for this objective: Electronic Case Reporting and Immunization Registry Reporting.

## **Public Health and Clinical Data Exchange Objective** (Continued)

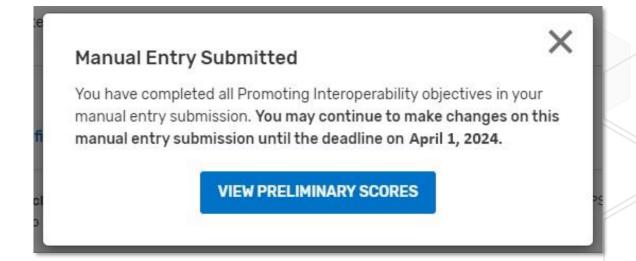

To earn an additional 5 bonus points in this performance category, you can choose to report 1 or more of the remaining, optional measures. There are 5 bonus points available whether you report 1, 2 or all 3 of the optional measures.

#### **Submission Confirmation**

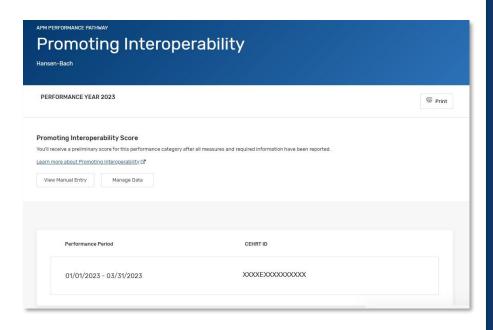

Once all required data have been reported, the system will notify you and allow you to view your preliminary measure-level scores.

## **Review Previously Submitted Data**

Click View & Edit from the <u>Reporting Overview</u>. You will land on a read-only page, letting you review the preliminary measure scoring details of your submission.

If you need to update your manually entered data, click **View Manual Entry**.

#### Reminders

We recommend using a single submission type (file upload, API, or attestation) for reporting your Promoting Interoperability data.

• Why? Any conflicting data for a measure or required attestation submitted through multiple submission types will result in a score of 0 for the Promoting Interoperability performance category.

This means you can't create a manual entry to correct inaccurate data reported on your behalf.

 If you see errors in your data, contact your third party intermediary and ask them to delete the data they've submitted for you.

## **Review Previously Submitted Data** (Continued)

#### **Troubleshooting**

If you or a third party successfully uploaded a file with your Promoting Interoperability data, but you don't see it reflected on the APP Reporting Overview page, the file probably didn't include the APP program name.

Your file must include the correct program name to be counted towards APP reporting.

You may need to reach out to your EHR vendor or third party intermediary for assistance with verifying the program name included in your file and updating (or adding) it as needed.

#### **PROGRAM NAMES**

When submitting a **QPP JSON** file, "programName" = "app1"

Refer to the QPP Submission MeasurementSets API documentation for more information.

When submitting a QRDA III file, "CMS Program Name" =

- "MIPS\_APP1\_APMENTITY" if you're reporting the APP at the APM Entity level (such as a Shared Savings Program ACO)
- "MIPS\_APP1\_GROUP" if you're reporting Promoting Interoperability data for the APP at the group level
- "MIPS\_APP1\_INDIV" if you're reporting Promoting Interoperability data for the APP at the individual level

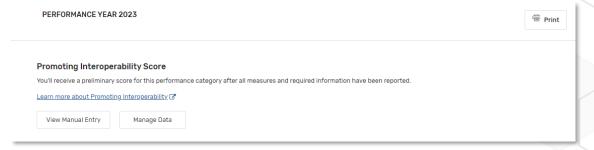

(Please note that Promoting Interoperability data is reported at the individual and/or group level, even if your APM Entity is reporting the quality measures required by the APP.)

Refer to page 24 of the 2023 QRDA III Implementation Guide (accessible from this page of the eCQI Resource Center) for more information.

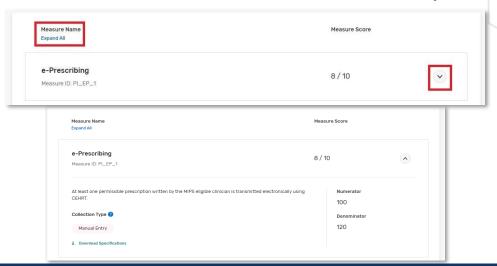

## **Review Previously Submitted Data** (Continued)

If you report Promoting Interoperability data through multiple submission types (ex. Manual entry and file upload) and there is any conflicting data, you will receive a score of 0 out of 25 for the performance category.

Click the down arrow on the right-hand side of the measure information to see numerator/denominator details or click **Expand All** below Measure Name to see the details of all the measures in that objective.

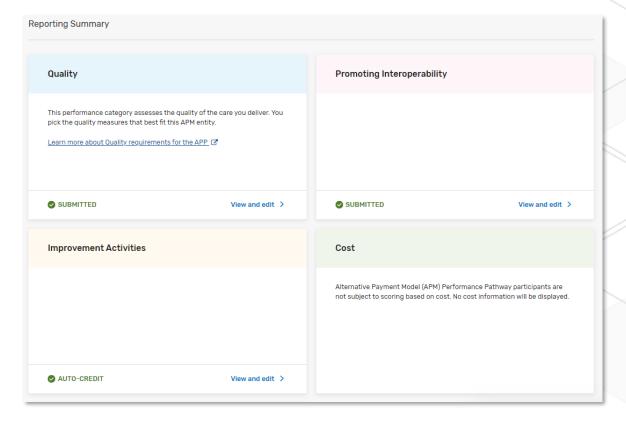

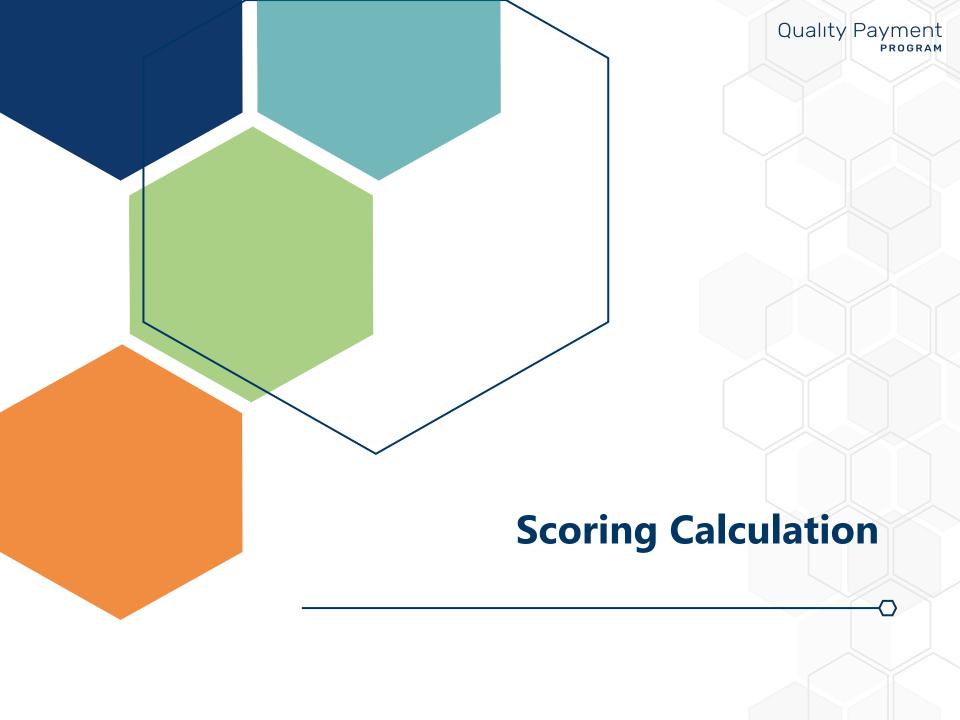

# **Improvement Activities**

## **Improvement Activities**

Individuals, groups and APM Entities reporting the APP automatically receive full credit in the improvement activities performance category. You aren't able to attest to additional improvement activities because you've already earned the maximum points in this performance category.

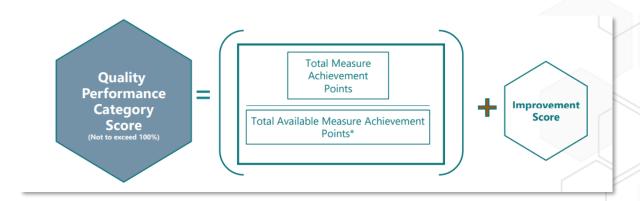

## **Quality Score Calculation: How We'll Get There**

We'll calculate your quality score after the data submission period, once we've received all required available data.

**New:** Beginning with performance year 2023 submissions, we will no longer display preliminary scores.

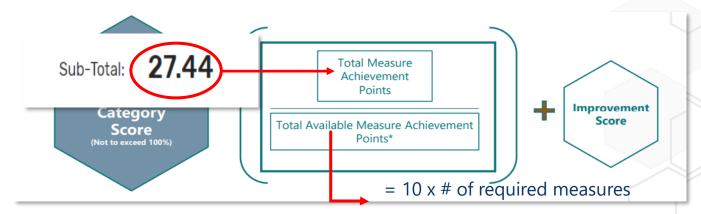

### **Quality Score Calculation**

The **Sub-Total** displayed at the bottom of your submitted measures shows how many achievement points you've earned to date **based on the measures you've submitted**.

This number can change after the submission period.

• For example, this number will increase based on the achievement points earned for the CAHPS for MIPS Survey measure and the 2 administrative claims measures automatically calculated as part of the APP.

We'll determine the total available measure achievement points after the data submission period.

 For example, the 3 required eCQMs/MIPS CQMs + 2 administrative claims measures + CAHPS for MIPS Survey measure = 60 points

See slides 25 – 31 of the 2023 APP Scoring Guide (available in the <u>PY 2023 APM Performance Pathway (APP) Toolkit (ZIP, 2MB)</u> for more information about the maximum points available in the quality category.

### **Promoting Interoperability Score Calculation**

We'll calculate your Promoting Interoperability score after the data submission period from the measure scores displayed during the submission period. Then we'll multiply that by the performance category weight to determine how many points the Promoting Interoperability performance category will contribute to your final score.

## **Improvement Activities Score Calculation**

You'll automatically receive 100% for this performance category. The category weight will determine how many points it contributes to your final score.

For example, when the category is weighted at 20%, improvement activities will contribute 20 points towards your final score.

# **Help and Version History**

### Where Can You Go for Help?

Contact the Quality Payment
Program by email at

QPP@cms.hhs.gov, by creating a

QPP Service Center ticket, or by
phone at 1-866-288-8292

(Monday through Friday, 8 a.m.-8
p.m. ET) To receive assistance
more quickly, please consider
calling during non-peak hours –
before 10 a.m. and after 2 p.m.
E.T. People who are deaf or hard
of hearing can dial 711 to be
connected to a TRS

Communications Assistant.

Visit the Quality Payment
Program website for other help
and support information, to learn
more about MIPS, and to check
out the resources available in the
Quality Payment Program
Resource Library.

# **Help, Resources and Version History**

### **Additional Resources**

The <u>Quality Payment Program Resource Library</u> houses fact sheets, measure specifications, specialty guides, technical guides, user guides, helpful videos, and more. We will update this table as more resources become available.

Resource	Description
2023 APP Toolkit(ZIP, 2MB)	PY 2023 APP Toolkit zip file includes: 2023 APP Toolkit Table of Contents(PDF, 115KB), 2023 APM Performance Pathway for MIPS APM Participants Fact Sheet(PDF, 363KB), 2023 APM Performance Pathway Quick Start Guide(PDF, 722KB), 2023 APM Performance Pathway Infographic(PDF, 459KB), and 2023 APM Performance Pathway Scoring Guide(PDF, 1,782KB).
2023 APP Quality Requirements (All Participants) (ZIP, 3MB)	Option 1 contains the measures for Individual, Group, and APM Entity APP Quality Submission. This zip file includes: APP Quality Data Submission Options (PDF, 172KB), APP Quality Measure Set (All Participants)(PDF, 311KB), APP Quality Measure Specifications.
2023 APP Quality Requirements (SSP ACO)(ZIP, 5MB)	Option 2 includes Quality Submission measure documentation for SSP ACOs Only. The included files are: APP Quality Submission Options(PDF, 172KB), APP Quality Measures (Shared Savings Program ACOs Only)(PDF, 464KB), APP Quality Measure Specifications.
